About NACo – The Voice of America’s Counties

The National Association of Counties (NACo) is the only national organization that represents county governments in the United States. Founded in 1935, NACo provides essential services to the nation’s 3,068 counties. NACo advances issues with a unified voice before the federal government, improves the public’s understanding of county government, assists counties in finding and sharing innovative solutions through education and research, and provides value-added services to save counties and taxpayers money. For more information about NACo, visit www.naco.org.

Do you know what CAVE, LULU and WDB mean? Would you be able to tell someone what CERCLA and FMLA, two important federal laws, stand for? Have you ever felt like you needed a dictionary or translator just to attend a government meeting? Are you a newly elected official who is baffled by the language of government? Well, do not panic, NACo's Research Division has developed this guide to help you decipher the secret code of government.

A

AAA	Area Agency on Aging - agency	ADEA	Age Discrimination in Employment Act - legislation
AAPCC	Adjusted Average Per Capita Cost – legislation (program of Medicare)	ADH	Adult Day Health - program
