WELCOME FROM THE MACo PRESIDENT

Dave Schulz
MACo President 2014-2015

Dear MACo Colleagues, Friends & Partners:

Welcome to the 106th Annual Conference of the Montana Association of Counties in Missoula. Each year, this conference provides an opportunity for participants to gain better understanding of our roles as commissioners and public servants in this ever-changing world in which we live. This year is no exception. The Conference Planning Committee and MACo staff have developed an agenda that speaks to many of the current topics and issues with which we are challenged.

Thanks to each of you for attending the conference and recognizing the importance of meeting with your colleagues to discuss and become better informed on these topics.

I also want to offer a BIG “Thank You” to the Missoula County Commissioners and Missoula community for providing a superb location for this conference. While in Missoula, please take time to visit some of the businesses and sites and say thanks for supporting Montana counties. Preparing for a meeting such as ours is not an easy task. It takes many hands and much preparation. Also, Karen and MACo deserve our appreciation for their work in making this conference a success.

Each year our vendor and sponsor list gets a little longer. I think it is because these businesses see the value of working with the counties of Montana. It is a great opportunity for vendors to share their talents and services; but even more so, it is a means for us to maintain and grow relationships that help us do our jobs better. Please take every opportunity to check out the services that are offered and say thanks to each of them for being in Missoula.

This year has been a whirlwind of experiences for me as President of MACo. I met many great people, traveled many miles, participated in numerous planning and strategy sessions, worked with the Legislature through the session, visited many of your counties, and became much more familiar with the MACo staff than I ever thought I would. Thanks to each of you for making this a year to remember, and thanks to Harold and the crew at MACo for being available to me at any moment’s notice.

The success of the Montana Association of Counties is not just about an active president or leadership or the relationship between the members and the association—although all are important—it is about all of us! It is about the unity when one county is in trouble, when an official steps down, when a legislator needs some guidance, when a state department needs to understand how a process can best work, and/or when congress does not relate to the Western way. We have all been asked to step up at one time or another, and we have done it. A family, a think tank, a workforce, a passion: that is MACo!

During the next few days, please take every opportunity to better inform yourself on the issues with which you are familiar, become educated on ones that you are not, and have input where you will benefit. Have fun, make new friends, and go home ready for the rest of the year!

Sincerely,

A handwritten signature in blue ink that reads "Dave Schulz".

Dave Schulz, MACo President; Madison County Commissioner

Magistrates..... Linda Budeski, Park County
Sheriffs & Peace Officers Brian Gootkin, Gallatin County
Superintendents of Schools Susan Beley, Wheatland County
Treasurers Jane Stene, Sweet Grass County

MISSOULA COUNTY WELCOME

Welcome to Missoula- Home of the Grizzlies!!! This weekend is Homecoming so I hope many of you will be able to enjoy the game. Missoula County is excited about hosting the MACo Annual Conference again this year. There is a lot to do in the few hours of free time you will have during convention. We have great restaurants, museums, and a great walking trail system along the river. The Carousel is just two blocks down river and is fun for all ages.

We have 8 micro-breweries that make great beer and 2 distilleries. Several are within walking distance of the hotel so please don't drink and drive. We also have Thirst Gear –a bike trolley that goes to the breweries and distilleries. The bike looks like a little bit like a trolley, only powered by the feet of its riders, who can usually be seen fist-pumping to the on-board music between stops at local watering holes. If they pedal fast enough, the bike can reach a whopping 7 mph – downhill that is. You can catch it a block from the Holiday Inn, on Front Street in front of the parking garage.

We would especially like to thank Destination Missoula for hosting the Zootown Improv and beverages on Sunday night and thanks to all the sponsors who make our annual conference possible.

Enjoy your stay.

Missoula County Commissioners
Jean Curtiss, Cola Rowley & Stacy Rye

Ballroom AB

Human Trafficking

Presenter: Attorney General Tim Fox

Human trafficking is a brutal and horrible criminal industry that is a growing threat nationwide as well as globally. The Montana Department of Justice is extremely active in detecting, investigating, and prosecuting these kinds of cases across the state. In his address, Attorney General Fox will discuss the scope of the problem, what his office is doing to fight human trafficking, and what you can do to help spot and report suspected trafficking activities in Montana.

12:00 noon-1:30 p.m.**Lunch**

Great West Engineering

WORKSHOP SESSIONS: 1:30-2:30 P.M.**Ballroom A****Federal Lands Access Program**

Presenters: George Fekaris, Transportation Planner, Federal Highway Administration; and Wayne Noem, Secondary Roads Engineer, Montana Department of Transportation

The purpose of the Federal Lands Access Program (FLAP) is to provide safe and adequate transportation access to and through Federal Lands. The FLAP provides funding to maintain or improve transportation access facilities that are under jurisdiction or maintenance responsibility of the State, county, tribal, or local government. In this session you will learn who may apply, what types of projects are considered, how the program is administered, and how it is implemented.

Ballroom B**Energy Performance Contracting**

Presenters: Bonnie Rouse, DEQ State Building Energy Conservation Program Supervisor and David LeMieux, DEQ State Building Energy Conservation Program Engineer

The 2015 Montana Legislature passed SB 249, amending the previous Energy Performance Contracting statute, MCA Section 90-4. The amendment becomes law on October 1, 2015 and requires the Department of Environmental Quality (DEQ) to establish an Energy Performance Contracting (EPC) Program. This presentation will provide information about Energy Performance Contracting (EPC) and the DEQ's role in collaborating with Local Government Entities and Energy Service Companies (ESCO). The presentation will cover the EPC process including solicitation and procurement of Investment Grade Audits (IGA) and Energy Performance Contracts, as well as defining project performance results.

WORKSHOP SESSIONS: 3:-00-4:00 P.M.

Ballroom A Cyber Security

Presenters: Dawn Temple, Agency Information Security Officer, Montana Department of Justice
Art Pembroke, Director of Information Technology and Services, Lewis & Clark County/City of Helena
Jason Emery, Director of Technology, Missoula County

Cyber security and hackers are one of the biggest risks local governments and law enforcement are facing today. This workshop, presented by state, city and county IT security specialists, will provide information on the latest security risks at the local level. The presenters will discuss mobile devices and associated security, the cyber risk issues being faced by local law enforcement, and risks at the state level. Also, learn how your network may be vulnerable to hackers and what you can do to protect it.

Ballroom B Tax Abatements & Exemptions for Use by Counties

Presenters: Joe Briggs, Cascade County Commissioner
Ron Ostberg, Teton County Commissioner
Jim Reno, Yellowstone County Commissioner

This workshop will feature a panel discussion of tax abatement and tax exemption tools that Montana counties have available to them to assist in building and improving their tax base. The abatement tools covered will include the: *New and Expanding Industries, Expanding Value-Added Machinery and Equipment*, as well as the *Reduced Rate for Remodeling of Building or Structures*. The exemption tools discussed will include *Exemption and Abatement for Remodeling or Expansion of Certain Commercial Property, Exemption for Business Incubators, Exemption for Certain Industrial Parks, Historic Properties, Local Economic Development Organizations, Suspension/ Cancellation of Delinquent Taxes*, and finally the *Value-Added Manufacturing Tax Rate Decrease on Class Eight Property*. Attendees will learn the mechanics of how each of these is implemented as well as hear a discussion of the pros and cons of their use.

4:00-6:00 p.m. Coalition of Forest Counties Meeting

Ballroom A

Carol Brooker, Chair, Sanders County Commissioner

4:00-6:00 p.m. Oil, Gas & Coal Counties Meeting

Ballroom B

MACo GENERAL SESSION: BALLROOM AB

1:30-2:00 p.m. Tax Deed

Presenters: Harold Blattie, and Ronda Wiggers, Lobbyist for the County Treasurers' Association

As the Legislature has been critical of the tax deed process in each of the last two sessions, the Revenue & Transportation Interim Committee has chosen to study this issue. The County Treasurers are forming a committee to discuss possible changes or improvements to the process and have invited Commissioners to participate. We will familiarize everyone with the current process and discuss ideas for possible change.

How Do You Handle Weeds in Your County?

Presenters: Jerry Dell, Stillwater County Commissioner
John Ostlund, Yellowstone County Commissioner
Becky Kington, Executive Director, Montana Weed Control Association
Mike Miller, Roadside Specialist/Weed Coordinator, Montana Department of Transportation
Joe Lockwood, Yellowstone County Weed Superintendent

“One way” does not fit all when it comes to the methods used by counties to manage weeds. There could be commitments between private, state and federal agencies or MOUs between county departments. Does weed management start and stop with just noxious weeds? Join this panel to listen and share how counties address their weeds.

11:15 a.m.-12:00 noon

**GIS for County Government
Real Options for Citizen Engagement**

Presenters: Stewart Kirkpatrick, State GIS Coordinator, MT State Library
Ken Wall, GeoData Services
Paul Wick, Planning, Teton County
Dave Boisvert, IT Director, Blaine County

In FY15 four counties (Blaine, Lincoln, Teton and Sanders) applied for funding through the Montana Land Information Act (MLIA) to obtain software and training that leveraged a consortium-based training approach for implementing ArcGIS Online. Applications incorporated state-produced base data in conjunction with locally developed data to produce visually stimulating interactive web-based projects on a variety of topics including E911, rural addressing, and infrastructure inventory. More important than the applications, however, is the core set of GIS knowledge and skills the counties obtained that can now be leveraged to develop additional applications on their own, leading to GIS sustainability in rural Montana counties. We hope this presentation will help stimulate other counties to consider similar partnership efforts that leverage MLIA funds.

12:00 noon-1:30 p.m. Lunch
Ballroom CD

Speaker: Sallie Clark, NACo President; El Paso County Commissioner, Colorado Springs, CO

1:30-2:30 p.m. Montana Infrastructure Report Card
Ballroom AB

Presenter: Craig Nowak, a member of the American Society of Civil Engineers since 1976

The Report Card grades Montana's roads, water, wastewater, dams, irrigation canals, schools, and solid waste systems. MT ASCE is committed to improving Montana's public infrastructure; and to achieve that goal, the Report Card depicts the condition and performance of Montana's infrastructure in the familiar form of a school report card—assigning letter grades that are based on physical condition and needed fiscal investments for improvement. MT ASCE will bring to light the condition of Montana's infrastructure and where the need lies for upgrades, replacement, and improvements.

MACo CLOSING GENERAL SESSION

2:30-4:00 p.m. MACo Business Meeting

Presiding: Dave Schulz
