- Potential/Pending Legislation, Harold Blattie & Sheryl Wood
  - Workers Compensation for Volunteer Firefighters
  - Budget Bill Addition: Cleanup – tax levies – first Thursday after first Tuesday
  - Elected Official Vacancies (Title 7): Number of days – currently 75 days, needs to be 85 days
  - Subdivision for Rent or Lease: MACo advocates local control with reasonable sideboards; Eastern and Western Montana have different issues; Senator Facey and Representative Rosendale are working on a solution.
  - Exempt Wells: Committee is discussing limiting exempt wells to low rates, limiting size, seems like a statewide fix; one solution does not fit all; watersheds differ; DNRC will adopt administrative rules if this committee doesn’t come up with something; Tara DePuy has been very involved
  - Forest Receipts: The federal government adopted this, so we need a bill (cleanup) on our end to implement the adoption.
  - Legal Holidays: Cleanup bill – If the holiday falls on a Saturday, Friday is considered the holiday.

- Storage of Electronic Records: The Select Committee on Efficiency in Government (SCEG) – Allowing counties to store records electronically outside of the Clerk & Recorder’s office
- Authority of Sheriffs & Deputies: POST Council withdrew their proposals.
- DNA: On the Law & Justice Interim Committee’s agenda—we’ll be watching it.

- Suicides Pilot Projects: Suicide rates are higher than ever; there are two proposals coming out with different funding models; they are coming out the Law & Justice Interim Committee
- Medical Marijuana: SB 423 is on the ballot; if it is repealed, we will need something in place again for local government authority to regulate.
- Public Assistance/Welfare Assumptions: Department of Public Health & Human Services (DPHHS) OPA Offices
- Clinical Trials/Affordable Care Act: The State drafted a bill through the Children Families Health & Human Services (CFHHS) Committee and included local governments to cover these treatments, so we will work to get that taken out.
- Increase justice court filing fees: Magistrates
- Council of County Officials (CCO) Meeting: Review of legislative agendas – November
- Pensions, Sheryl Wood
  - MACo has been attending the State Administration & Veterans’ Affairs (SAVA) Interim Committee meetings, PERB meetings, and meeting separately with the Legislative Fiscal Division. Montana’s pensions are not actuarially sound, and we’re looking for your input and guidance.
  - There is no specific plan yet—several proposals and presentations.
  - Everyone is wondering what MACo’s position is on the pension issue—haven’t taken a position as of yet, as the members will decide at the annual conference in September. MACo is organizing a stakeholders meeting—need some unofficial direction before annual conference—want to be proactive and part of the solution.
  - Issues:
    - Numbers & Data: The numbers range from \$6 million to \$2 billion for local government (counties, cities, towns, special districts, etc.). According to the Budget Director, the annual contribution for the counties’ share is \$3.9 million.
    - Questions of contract impairment and constitutionality regarding current proposals
    - Public Employee Retirement Board (PERB): All are beneficiaries – three current employees, two at-large members, one retiree, and one person with knowledge of investments. We gathered information from other states, and 14 of the 19 that responded have local representation on the board.
  - Possible MACo Proposals
    - PERB Restructuring: three employees, one representative from MACo, one representative from cities & towns, one representative from unions, one representative from the Board of Investments
    - Plan Design: No more changes—work to equalize them.
    - Investment Policy & Strategy: Maybe have some restraints on investing in statute—may not be needed with board restructuring
