Reimbursements will not exceed the contract cost.

The following are payable at 100% and are not subject to Medical Deductible:

1. Prescribed generic contraceptives or brand if generic is unavailable;
2. Smoking cessation products prescribed by a Physician or Licensed Health Care Provider;
3. Over-the-counter (OTC) medications only when prescribed by a Physician or Licensed Health Care Provider, and only if listed as an A or B recommendation as a Preventive Service covered under the Affordable Care Act which can be viewed at: [https://www.healthcare.gov/coverage/preventive-care-benefits/](https://www.healthcare.gov/coverage/preventive-care-benefits/); and

**MEDICAL BENEFIT DETERMINATION PROVISIONS**

**ELIGIBLE EXPENSES**

Services, treatments or supplies listed under Medical Benefits are Eligible Expenses if they meet all of the following requirements:

1. They are administered, ordered or provided by a Physician or other eligible Licensed Health Care Provider; and
2. They are Medically Necessary for the diagnosis and treatment of an Illness or Injury or they are specifically included as an Eligible Expense even if not Medically Necessary; and
3. Charges for the services, treatments or supplies do not exceed the PBME (Referenced Based Pricing) limits of the Plan; and

4. They are not excluded under any provision or section of this Plan.

   “Medically Necessary” means treatment, tests, services or supplies provided by a Hospital, Physician or other Licensed Health Care Provider which are not excluded under this Plan and which meet all of the following criteria:

5. Are to treat or diagnose an Illness or Injury; and

6. Are ordered by a Physician or Licensed Health Care Provider and consistent with the symptoms or diagnosis and treatment of the Illness or Injury; and

7. Are not primarily for the convenience of the Covered Person, Physician or other Licensed Health Care Provider; and

8. Are the standard or level of services most appropriate for good medical practice that can be safely provided to the Covered Person; and

9. Are not of an Experimental/Investigational or solely educational nature; and

10. Are not provided primarily for medical or other research; and

11. Do not involve excessive, unnecessary or repeated tests; and

12. Are commonly and customarily recognized by the medical profession as appropriate in the treatment or diagnosis of the diagnosed condition; and

13. Are approved procedures or guidelines by the Food and Drug Administration (FDA) or Healthcare Financing Administration (HCFA), pursuant to that entity’s program oversight authority based upon the medical treatment circumstances.

Treatments, services or supplies excluded by this Plan may be reimbursable if such charges are approved by MACoHCT before treatment begins. Prior approval is limited to medically accepted, non-experimental or investigational treatments, services or supplies which, in the opinion of MACoHCT, are more cost effective than a covered treatment, service or supply for the same Illness or Injury, and which benefit the Covered Person.

DEDUCTIBLE

The Deductible applies to Eligible Expenses Incurred during each Benefit Period, unless specifically waived, but it applies only once for each Covered Person within a Benefit Period. Also, if members of a Family have satisfied individual Deductible amounts that collectively equal the Deductible per Family, as stated in the Schedule of Medical Benefits, during the same Benefit Period, no further Deductible will apply to any member of that Family during that Benefit Period. An individual Covered Person cannot receive credit toward the Family Deductible for more than the Individual Annual Deductible as stated in the Schedule of Medical Benefits. This provision does not apply to the HDHP Plan Option. Refer to the Medical Plan Coverage Options for the HDHP Plan Option for further information.

NEW MEMBER GROUP OR SUB-ENTITY CARRYOVER

This Plan will be a continuum for a new Member Group or Sub-Entity whose benefit period under the prior health benefit plan or insurance coverage commences earlier than the renewal period under this Plan, as approved by MACoHCT. In such circumstances, charges which accumulated toward satisfying the deductible, coinsurance or out-of-pocket maximum under the prior health benefit plan or insurance coverage of the Member Group or Sub-Entity during the Benefit Period in which the Member Group or Sub-Entity became effective under this Plan, will apply towards satisfaction of the Medical Annual Deductible and Out-of-Pocket Maximum for the Medical Plan Coverage Option selected by the Member Group or Sub-Entity during the same Benefit Period. Credits will be given only upon receipt of documented proof of such full or partial satisfaction of deductible or out-of-pocket maximum under the prior health benefit plan or insurance coverage. However, such credit of deductible or out-of-pocket maximum will not exceed the Medical Annual Deductible and Out-of-Pocket Maximum Option selected by the Member Group or Sub-Entity under this Plan.
NEW GROUP EXTENDED BENEFIT PERIOD

Only if approved by MACoHCT, the Benefit Period may be extended or reduced for those Member Groups or Sub-Entities who commence participation earlier or later than either standard renewal period of this Plan. In such circumstances, the Benefit Period will be extended or reduced by the number of months beginning on the date participation commences and ending on the last day of the applicable standard renewal period. The Medical Annual Deductible, Out-of-Pocket Maximum and any of the Plan’s benefit maximums and limitations will be extended or reduced through this period. This will not apply to the Pharmacy Benefit Deductible and Out-of-Pocket Maximum.

BENEFIT PERCENTAGE

Eligible Expenses Incurred by a Covered Person will be paid by the Plan according to the applicable Benefit Percentage stated in the Schedule of Medical Benefits. The Plan will pay the percentage of the Eligible Expense indicated as the Benefit Percentage.

OUT-OF-POCKET MAXIMUM

The Out-of-Pocket Maximum, per Covered Person or Family, whichever is applicable, is stated in the Schedule of Benefits and includes amounts applied toward the Deductible and amounts in excess of the Benefit Percentage paid by the Plan. Eligible Expenses Incurred in a single Benefit Period after satisfaction of the Out-of-Pocket Maximum per Covered Person or per Family, whichever is applicable, will be paid at 100% for the remainder of the Benefit Period. An individual Covered Person cannot receive credit for more than the Out-of-Pocket Maximum per Covered Person as stated in the Schedule of Medical Benefits. This provision does not apply to the HDHP Plan Option. Refer to the Medical Plan Coverage Options for the HDHP Plan Option for further information.

MAXIMUM BENEFIT

The amount payable by the Plan will not exceed any Maximum Benefit or Maximum Lifetime Benefit as stated in the Schedule of Medical Benefits, for any reason.

APPLICATION OF DEDUCTIBLE AND ORDER OF BENEFIT PAYMENT

Deductibles will be applied to Eligible Expenses in the chronological order in which they are adjudicated by the Plan. Eligible Expenses will be paid by the Plan in the chronological order in which they are adjudicated by the Plan. The manner in which the Deductible is applied and Eligible Expenses are paid by the Plan will be conclusive and binding on all Covered Persons and their assignees.

CHANGES IN COVERAGE CLASSIFICATION

A change in coverage that decreases a benefit of this Plan will become effective on the stated effective date of such change with regard to all Covered Persons to whom it applies.

NEWBORNS’ AND MOTHERS’ HEALTH PROTECTION ACT

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or Newborn child to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a Caesarean section. However, Federal law generally does not prohibit the mother’s or Newborn’s attending provider, after consulting with the mother, from discharging the mother or her Newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the issuer for prescribing a length of stay 48 hours or less (or 96 hours or less).

MEDICAL BENEFITS

PRE-CERTIFICATION OR PRE-TREATMENT REVIEW BY THE PLAN IS STRONGLY RECOMMENDED FOR CERTAIN SERVICES. IF PRE-CERTIFICATION OR PRE-TREATMENT REVIEW IS NOT OBTAINED, THE CHARGE COULD BE DENIED IF THE SERVICE, TREATMENT OR SUPPLY IS NOT FOUND TO BE MEDICALLY NECESSARY OR FOUND TO BE OTHERWISE EXCLUDED BY THE PLAN WHEN THE CLAIM IS SUBMITTED. SEE HOSPITAL ADMISSION CERTIFICATION AND PRE-TREATMENT REVIEW FOR FURTHER DETAILS.

However, specifically identified oral or injectable drugs, except for contraceptives, that can be self-administered in a non-facility or non-office setting must be obtained through the Pharmacy Benefit Manager’s Specialty Pharmacy. These drugs are excluded from coverage under the Medical Benefits. The list of drugs can be obtained from the Plan Supervisor.

7. Charges for naturopathy including office visits and laboratory services performed or ordered by a licensed naturopath. However, charges for herbal and vitamin supplements are specifically excluded.

8. Charges for Surgical Procedures.

When two or more Surgical Procedures occur during the same operative session, charges will be considered as follows:

A. When multiple or bilateral Surgical Procedures are performed that increase the time and amount of patient care, one hundred percent (100%) of the Eligible Expense will be considered for the Major Procedure; and fifty percent (50%) of the Eligible Expense will be considered for each of the lesser procedures, except for contracted or negotiated services. Contracted or negotiated services will be reimbursed at the contracted or negotiated rate.

B. When an incidental procedure is performed through the same incision, only the Eligible Expense for the Major Procedure will be considered. Examples of incidental procedures are: excision of a scar, appendectomy at the time of other abdominal surgery, lysis of adhesions, etc.

When an assisting Physician is required to render technical assistance during a Surgical Procedure, the charges for such services will be limited to 20% of the primary surgeon’s Eligible Expense for the Surgical Procedure. When an assisting non-physician is required to render technical assistance during an operation, charges for such services will be limited to 10% of the surgeon’s Eligible Expense for the Surgical Procedure.

9. Charges for an abortion, only if carrying the fetus to full term would seriously endanger the life of the mother.

11. Charges for Registered Nurses (R.N.s) or Licensed Practical Nurses (L.P.N.s) for private duty nursing.

12. Charges for Ambulance Service to the nearest facility where Emergency care or treatment can be rendered or, when Medically Necessary, from one facility to another for care; or from the facility to the patient’s home when Medically Necessary.

13. Charges for drugs requiring the written prescription of a licensed Physician or a Licensed Health Care Provider and Medically Necessary for the treatment of an Illness or Injury. Coverage also includes prescription contraceptives regardless of Medical Necessity and FDA approved over-the-counter female contraceptives prescribed by a Physician or Licensed Health Care Provider. However, specifically identified oral or injectable drugs, except for contraceptives, that can be self-administered in a non-facility or non-office setting must be obtained through the Pharmacy Benefit Manager’s Specialty Pharmacy. These drugs are excluded for coverage under the Medical Benefits. The list of drugs can be obtained from the Plan Supervisor.

Conditions of coverage for outpatient prescription drugs and supplies available through the Pharmacy Benefit are as stated in the Schedule of Benefits and Pharmacy Benefit sections of the Plan.

14. Charges for x-rays, CAT scans, MRIs, microscopic tests and laboratory tests.

15. Charges for radiation therapy or treatment and chemotherapy. Diabetic blood glucose monitors and Diabetic Insulin Pumps are eligible as Durable Medical Equipment.

20. Charges for adhesive tape, bandages, antiseptics or other over-the-counter first aid supplies, only upon prior approval of the Plan. Approval will be based on guidelines of cost effectiveness and Medically Necessary treatment of an Illness or Injury as determined by MACoHCT.

21. Charges for the Durable Medical Equipment, Orthopedic Appliances, or Prosthetic Appliances as follows:

   A. Rental of, up to the purchase price of, a wheelchair, Hospital bed, respirator or other Durable Medical Equipment required for therapeutic use, or the purchase of this equipment if economically justified, whichever is less. For Durable Medical Equipment which purchase is not medically feasible, rental charges will be paid without limitation based upon purchase price.

   B. Purchase of Orthopedic Appliances or Prosthetic Appliances including, but not limited to, artificial limbs, eyes or larynx.

   C. Replacement or repair of Durable Medical Equipment, Orthopedic Appliances, Prosthetic Appliances.

Pre-treatment review of charges for Durable Medical Equipment, Orthopedic Appliances or Prosthetic Appliances that may exceed $5,000 is strongly recommended. This second opinion should concur with the attending Physician's findings regarding the Medical Necessity of such procedure. The Physician rendering this second opinion must be qualified to render such a service either through experience, specialist training or education, or such similar criteria, and must not be affiliated in any way with the Physician who will be performing the actual surgery.

   B. If the donor is covered under this Plan, Expenses Incurred by the donor will be considered for benefits to the extent that such expenses are not payable by the recipient’s plan.

   C. If the recipient is covered under this Plan, Expenses Incurred by the recipient will be considered for benefits. Expenses Incurred by the donor, who is not ordinarily covered under this Plan according to eligibility requirements, will be considered Eligible Expenses to the extent that such expenses are not payable by the donor's plan.

   D. If both the donor and the recipient are covered under this Plan, Expenses Incurred by each person will be treated separately for each person.

BMI is calculated by dividing a person’s weight (in kilograms) by his/her height squared (in meters).

A Pre-Treatment Review must be obtained and services found Medically Necessary by the Plan. If a Pre-Treatment Review is not obtained or charges are found not to be Medically Necessary, charges in connection with or related to bariatric surgery will not be covered. Specialized case management by a registered nurse will be mandatory for Covered Persons who are considering bariatric surgery to assist them with the Pre-Treatment Review. For Covered Persons who meet Medical Necessity for bariatric surgery, the case manager will continue to collaborate with the participant and their provider(s) in the pre-operative and post-operative phase. For additional information on this service, call Allegiance Care Management at (877) 792-7827 or MACoHCT Claims at (888) 883-3233.
Adjustment to the Lap Band is considered Medically Necessary. The adjustment is usually performed in the Physician’s office. Performance of the procedure in an outpatient surgery setting requires documentation of Medical Necessity as well as X-rays, including a before and after barium swallow.

Upon prior approval of a gastric bypass or lap banding procedure, covered services for bariatric surgery for Morbid Obesity as well as any complications that might result from approved bariatric surgery are considered Medically Necessary only when all of the selection criteria are met.

“Rehabilitation Therapy” is specialized treatment monitored/provided by a Multi-disciplinary Team providing multi-modality treatment in either an inpatient or outpatient basis for an Injury or physical deficit, with the purpose of restoring or bringing body function to a condition of function as near as possible to what it was before the Illness or loss of body part or body function. Rehabilitative services include, but are not limited to, physical therapy, occupational therapy, speech therapy and cardiac rehabilitation.

Care provided must be under the direction of a qualified Physician and have a formal written treatment plan with a specific goal.

“Multi-disciplinary Team” in this context is a group of health service providers who must be either licensed, certified, or otherwise approved to practice their respective professions in the state where the services are provided.

Coverage under this benefit includes charges for implants, devices and related supplies, including fastenings, screws and all other hardware related to the device or implant.

Pre-Treatment Review by the Plan is strongly recommended for all implantable procedures. If Pre-treatment Review is not obtained, the charge could be denied if the service, treatment or supply is not found to be Medically Necessary or found to be otherwise excluded by the Plan when the claim is submitted.

EXPERIMENTAL COVERAGE

Treatment that would otherwise be considered Experimental/Investigational will be covered if the proposed Experimental/Investigational treatment has been reviewed by four (4) unrelated, independent board certified Physicians actively practicing within the same specialty as the attending Physician and the four (4) reviewing Physicians have unanimously agreed that:

1. As a result of the rarity of the disease or condition, there is no United States FDA-approved regimen of treatment;

2. All United States FDA-approved regimens of treatment have been attempted within the twelve (12) month period immediately prior to the date the proposed experimental treatment is to commence without any significant clinical improvement in the disease or condition;

3. The proposed course of treatment is medically indicated and is considered the standard of care in the United States for the disease or condition being treated based upon published reports and articles in the authoritative medical and scientific literature including, but not limited to, the following:

   A. The written protocol or protocols used by the treating facility or the protocols of another facility studying substantially the same drug, treatment, device or procedure; and

**MEDICAL EXPENSE AUDIT BONUS**

The Plan offers an incentive to all Covered Persons to encourage examination and self-auditing of eligible medical bills to ensure the amounts billed by any provider accurately reflect the services and supplies received by the Covered Person. The Covered Person should review all medical charges and verify that each itemized service has been received and that the bill does not represent either an overcharge or a charge for services never received. Participation in this self-auditing procedure is strictly voluntary; however, it is to the advantage of the Plan as well as the Covered Person to avoid unnecessary payment of health care costs.

In the event a self-audit results in elimination or reduction of charges, fifty percent (50%) of the amount eliminated or reduced will be paid directly to the Employee as a bonus, provided the savings are accurately documented, and satisfactory evidence of a reduction in charges is submitted to the MACoHCT Claims Office (e.g. a copy of the incorrect bill and a copy of the corrected billing). The bonus shall only apply to charges which have been submitted to and paid by the Plan, and for which an erroneous charge was paid by the Plan. Erroneous charges corrected by the Plan during the claims adjudication process are not eligible for this bonus.

Rewards are subject to the following:

- A minimum reward of $25 (on overcharge of $50)
- A maximum reward of $1,000 (on overcharge of $2,000 or more).

This self-audit is a bonus in addition to the benefits of this Plan. The Covered Person must indicate on the corrected billing statement, “This is a claim for the Medical Expense Audit Bonus” and submit a copy of the incorrect bill and a copy of the corrected bill to the MACoHCT Claims Office at the following address to receive the bonus:

MACoHCT
PO Box 1966
Missoula, MT 59806-1966

Any portion of the charges exceeding the maximum benefit will be considered under the Medical Benefits Section of the Plan, subject to all Plan conditions, exclusions and limitations. An Accidental Injury must be sustained subsequent to the Covered Person's effective date of coverage. Services and supplies must be ordered by a Physician and furnished within a ninety (90) day period beginning with the date the Covered Person sustained those injuries.

**ELIGIBLE EXPENSES**

Charges for the following are covered under this benefit when furnished for medical care to the Covered Person for Accidental Injuries including, but not limited to:

**PRE-TREATMENT REVIEW**

A Pre-Treatment Review is the process of verifying the eligibility of services to determine if reimbursement is available under Plan Provisions. Although benefits may not be available under this Plan, a Pre-Treatment Review is strongly recommended before incurring expenses for any inpatient or outpatient service, medication, supply or ongoing treatment for:

1. Surgeries:
   A. Spinal fusions or any other back surgery involving implantable devices;
   B. Reduction Mammaplasty;
   C. Blepharoplasty; and
   D. Uvulopalato-pharyngoplasty (UPPP).
2. Organ or Tissue Transplant.
3. Infertility.
4. Durable Medical Equipment that costs more than $5,000.
5. Outpatient dialysis.
6. Infusion services.
10. Commercial or Private Automobile Transportation
11. Outpatient Rehabilitative Care (Benefits in excess of $2,000 per Benefit Period).
12. Surgery that could be considered cosmetic under some circumstances.
13. Any procedure or service that could possibly be considered Experimental or Investigational.
14. Surgical treatment of TMJ.

To obtain a Pre-Treatment Review from the Plan, submit the following to the Plan Supervisor at P.O. Box 3018, Missoula, MT 59806-3018:

1. A complete description of the procedure(s) or treatment(s) for which pre-treatment review is requested;
2. A complete diagnosis and all medical records regarding the condition that supports the requested procedure(s) or treatment(s) including, but not limited to, informed consent form(s), all lab and/or x-rays, or diagnostic studies;
3. An itemized statement of the cost of such procedure(s) or treatment(s) with corresponding CPT or HCPCS codes;

5. A Physician’s referral letter, if applicable;

7. A written treatment plan; and
8. Any other information deemed necessary to evaluate the pre-treatment review request.

Upon receipt of all required information, the Plan will provide a written response to the written request for the pre-treatment review of services.

THE BENEFITS QUOTED ARE NOT A GUARANTEE OF PAYMENT. FINAL DETERMINATION AS TO BENEFITS PAID WILL BE MADE AT THE TIME THE CLAIM IS SUBMITTED FOR PAYMENT WITH REVIEW OF NECESSARY MEDICAL RECORDS AND OTHER INFORMATION.

HOSPITAL ADMISSION CERTIFICATION

The Plan strongly recommends, but does not require, for inpatient hospital admissions that the Covered Person pre-certify the inpatient stay or notify the Plan of an Emergency admission.

Pre-certification, Plan notification and case management are designed to:

1. Provide information regarding coverage before receiving treatment, services or supplies;
2. Provide information about benefits regarding proposed procedures or alternate treatment plans;
3. Assist in determining out-of-pocket expenses and identify possible ways to reduce them;
4. Help avoid reductions in benefits which may occur if the services are not Medically Necessary or the setting is not appropriate; and
5. If appropriate, assign a case manager to work with the Covered Person and the Covered Person’s providers to design a treatment plan.

A benefit determination on a claim will be rendered only after the claim has been submitted to adjudicate whether it is eligible for coverage under the terms and conditions of the Plan. If it is determined not to be eligible, the Covered Person will be responsible to pay for all charges that are determined to be ineligible. Therefore, although not required, pre-certification and Plan notification of emergency admissions is strongly recommended to obtain coverage information before incurring the charges.

PRE-ADMISSION CERTIFICATION REVIEW

The Plan recommends that prior to admission for any non-emergency Illness or Injury, and within seventy-two (72) hours after admission for any Emergency Illness or Injury, the Covered Person or the Covered Person’s attending Physician call the designated utilization containment company, retained by MACoHCT in connection with this Plan, for a admission certification review.

To pre-certify, call Allegiance Care Management at (800)342-6510 or MACoHCT claims at (888)883-3233.
Most certifications occur over the phone. Once a final decision is made regarding the request for certification, a notice of pre-certification will be sent to the Physician, to the Covered Person, to the Plan Supervisor and to the Hospital.

Note: Pre-Certification of benefits is not a guarantee of payment of the claim(s). Eligibility for claim payments is determined at the time claims are adjudicated since the amount of benefit coverage, if any, is subject to all Plan provisions including, but not limited to, Medical Necessity, patient eligibility, deductibles, co-payments and any Plan limitations or maximums in effect when the services are provided. Providers and Covered Persons are informed at the time claims are pre-certified that pre-certification of a course of treatment by the Plan does not guarantee payment of claims for the same.

CONTINUED STAY CERTIFICATION

Charges for Inpatient Hospital services for days in excess of any days previously certified by the Plan are subject to all terms, conditions and exclusions of the Plan, and should be certified by Allegiance Care Management.

Certification for additional days should be obtained in the same manner as the pre-admission certification.

EMERGENCY NOTIFICATION/CERTIFICATION

The Covered Person, or his or her representative, should notify Allegiance Care Management regarding any Emergency Hospital Admission within seventy-two (72) hours immediately following admission.

To notify the Plan of an Emergency admission, call Allegiance Care Management at (800)342-6510 or call MACoHCT claims at (888)883-3233.

CASE MANAGEMENT PROGRAM

This Program is administered through Allegiance Care Management and provides support to Covered Persons to ensure the best possible outcome of a condition which will help to reduce costs to the Plan. Allegiance Care Management will make several attempts to contact an individual identified as needing case management. While participation in case management is voluntary, declining to participate or declining to continue participating in case management services when requested by the Program will result in a penalty. Upon notification from Allegiance Care Management of an individual who has opted out of case management services, all claims will be processed according to the Plan, subject to an additional $2,500 in Deductible for the applicable Benefit Period. However, charges applied to the penalty will not apply towards the Out-of-Pocket Maximum.

Reviews regarding case management determinations must be submitted to MACoHCT Claims at P.O. Box 1966, Missoula, MT 59806-1966 or for further information call MACoHCT Claims at (888) 883-3233.

MATERNITY NOTIFICATION

The Covered Person or her representative should notify Allegiance Maternity Management at (877)792-7827 when Pregnancy is diagnosed or as soon after as possible, in order to participate in the the Plan’s Maternity Program. Notification is encouraged within the first trimester and is free of charge.

AIR AMBULANCE PRIOR AUTHORIZATION

This Plan requires that all facility-to-facility air ambulance services must be pre-authorized.

To notify the Plan of a proposed air ambulance transfer call (877) 542-8828 and press the prompt number for Air Ambulance prior authorization.

Failure to pre-authorize or use of a Non-Network air ambulance will result in a reduction of benefits to 250% of the Medicare allowable charge for all services provided.
Pre-determination of Benefits may be requested which will provide a written estimate of benefits available for a specific medical or dental procedure. In order to obtain a pre-determination of benefits the provider of services must submit written documentation to include the diagnosis code(s), procedure code(s), estimate of charges, and any supporting medical or dental documentation for the procedure(s) in question.

Upon the Plan’s receipt of the Pre-determination of Benefits request, MACoHCT will determine the eligibility of the Covered Person and determine the coverage available under the Plan for the recommended medical or dental procedures. After determining the benefits payable under the Plan, MACoHCT will return the claim form to the provider of services. A copy of the pre-determination of benefits will also be mailed to the covered Employee, informing the Employee of the amount of benefits estimated to be covered by the Plan for the recommended medical or dental procedures.

A pre-determination of benefits is not a guarantee of payment. Payment of Plan benefits is subject to Plan provisions and eligibility at the time services are performed or charges incurred.

**PHARMACY BENEFIT**

Charges are payable as specifically stated in the Schedule of Medical Benefits. Prescription drug charges are payable only through the Plan’s Pharmacy Benefit Manager (PBM) program, which program is sponsored in conjunction with and is an integral part of this Plan. Self-administered and injectable contraceptives can be obtained at a Montana County Health Department and are reimbursable under the Medical Plan.

**COVERAGE**

Coverage for prescription drugs will include only those drugs requiring a written prescription of a Physician or Licensed Health Care Provider, if within the scope of practice of the Licensed Health Care Provider, and that are Medically Necessary for the treatment of an Illness or Injury.

Coverage also includes prescription drugs or supplies that require a written prescription of a Physician or Licensed Health Care Provider, if within the scope of practice of the Licensed Health Care Provider, as follows:

SERVICE OPTIONS

The Program includes the following Service Options for obtaining prescriptions under the Pharmacy Benefit:

PBM Network Prescriptions: Available only through a retail pharmacy that is part of the PBM Network. The pharmacy will bill the Plan directly for that part of the prescription cost that exceeds the Copayment (Copayment amount must be paid to pharmacy at time of purchase). The prescription identification card is required for this option.

Member Submit Prescriptions: Available only if the prescription identification card cannot be used because a pharmacy is not part of the PBM Network, or the prescription identification card is not used at a PBM pharmacy. Prescriptions must be paid for at the point of purchase and the prescription drug receipt must be submitted to the Pharmacy Benefit Manager (PBM), along with a reimbursement form (Direct Reimbursement). The PBM will reimburse the contract cost of the prescription drug, less the applicable Copayment per Prescription. Contract cost is the PBM’s discounted cost of the prescription drug. Reimbursement will not exceed what the PBM would have reimbursed for a Network Prescription.

Mail Order Prescriptions: Available only through a licensed pharmacy that is part of the PBM Network which fills prescriptions and delivers them to Covered Persons through the United States Postal Service, United Parcel Service or other delivery service. The pharmacy will bill the Plan directly for prescription costs that exceed the Copayment.

Specialty Prescriptions: These medications are generic or non-generic drugs classified by the Plan and listed by the PBM as Specialty Drugs and require special handling (e.g., most injectable drugs other than insulin). Specialty drugs must be obtained from a preferred specialty pharmacy. A list of specialty drugs and preferred specialty pharmacies may be obtained from the PBM or Plan Supervisor.

Some specialty medications may qualify for third party Copayment assistance programs which could lower out-of-pocket costs for those products. For any such specialty medication where third party Copayment assistance is used, the Member shall not receive credit toward the Out-of-Pocket Maximum or Deductible for any Copayment or Coinsurance amounts that are applied to a manufacturer coupon or rebate.

DRUG OPTIONS

The drug options available are:

Generic: Those drugs and supplies listed in the most current edition of the Physicians' Desk Reference or by the PBM Program as generic drugs.

Preferred Brand: Non-generic drugs and supplies listed as “Preferred Brand” by the PBM Program as stated in a written list provided to Covered Persons and updated from time to time.

Non-Preferred Brand: Copyrighted or patented brand name drugs (Non-Generic) which are not recognized or listed as Preferred Brand drugs or supplies by the PBM Program.

COPAYMENT

“Copayment” means a dollar amount fixed as either a percentage or a specific dollar amount per prescription payable to the pharmacy at the time of service. Copayments are specifically stated in the Schedule of Medical Benefits. Copayments are not payable by the Plan and only serve to satisfy the Prescription Drug Deductible and Out-of-Pocket Maximum.

Prescription Copayments do not serve to satisfy the Medical Benefits Annual Deductible or Out-of-Pocket Maximum.
PRIMARY COVERAGE UNDER ANOTHER PLAN

When primary coverage exists under another Plan for a Covered Person, charges for prescription drugs may be reimbursed by the Plan as specifically stated in the Schedule of Medical Benefits, subject to the following conditions:

1. The prescription drug receipt and explanation of benefits from primary carrier (if applicable) is submitted to the Plan, along with a reimbursement request to MACoHCT Claims Office.

2. The pharmacy indicates either “generic” or “brand” on the prescription drug receipt.

3. The primary coverage information has been previously submitted to the Plan.

Charges for prescription drugs are not eligible if the above conditions are not met.

COORDINATION OF BENEFITS

The Coordination of Benefits provision is intended to prevent the payment of benefits which exceed allowable expense. It applies when the Participant or Dependent who is covered by this Plan is or may also be covered by other plan(s). When more than one coverage exists, one plan normally pays its benefits in full and the other plan or plans pay a reduced benefit. This Plan will always pay either its benefits in full or a reduced amount which, when added to the benefits payable by the other plan or plans, will not exceed 100% of allowable expenses. Only the amount paid by this Plan will be charged against the Plan maximums.

If the Covered Person is a member or Dependent of a member of a Health Maintenance Organization (HMO) which has primary responsibility for the Covered Person’s medical care, this Plan will not provide reimbursement for any expenses which would have been covered by the HMO if the Covered Person had used HMO facilities and personnel.
The Coordination of Benefits provision applies whether or not a claim is filed under other plan or plans. If needed, authorization is hereby given this Plan to obtain information as to benefits or services available from the other plan or plans, or to recover overpayments.

All benefits are subject to this provision.

DEFINITIONS

“Allowable Expense” as used herein means:

1. If the claim as applied to the primary plan is subject to a contracted or negotiated rate, allowable expense will be equal to that contracted or negotiated amount.

2. If the claim as applied to the primary plan is not subject to a contracted or negotiated rate, but the claim as applied to the secondary plan is subject to a contracted or negotiated rate, the allowable expense will be equal to that contracted or negotiated amount of the secondary plan.

3. If the claim as applied to the primary plan and the secondary plan is not subject to a contracted or negotiated rate, then the allowable expense will be equal to the secondary plan’s chosen limits for non-contracted providers.

“Plan” as used herein means any Plan providing benefits or services for or by reason of medical, dental or vision treatment, and such benefits or services are provided by:

1. Group insurance or any other arrangement for coverage for Covered Persons in a group whether on an insured or uninsured basis including, but not limited to:
   A. Hospital indemnity benefits; and
   B. Hospital reimbursement-type plans which permit the Covered Person to elect indemnity at the time of claims; or
2. Hospital or medical service organizations on a group basis, group practice and other group pre-payment plans;
3. Hospital or medical service organizations on an individual basis having a provision similar in effect to this provision;
4. A licensed Health Maintenance Organization (H.M.O.);
5. Any coverage for students sponsored by, or provided through, a school or other educational institution;
6. Any coverage under a Governmental program, and any coverage required or provided by any statute;
7. Individual automobile insurance coverage on an automobile leased or owned by the Member Group or Sub-Entity or any responsible third-party tortfeasor.

“Plan” will be construed separately with respect to each policy, contract or other arrangement for benefits or services, and separately with respect to that portion of any such policy, contract or other arrangement which reserves the right to take the benefits or services of other Plans into consideration in determining its benefits and that portion which does not.

ORDER OF BENEFIT DETERMINATION

1. Non-Dependent/Dependent

   The plan that covers the person as other than a dependent, (e.g., as an employee, member, subscriber, retiree) is primary and the plan that covers the person as a dependent is secondary.

2. Child Covered Under More Than One Plan

   A. The primary plan is the plan of the parent whose birthday is earlier in the year if:

      1) The parents are married;
      2) The parents are not separated (whether or not they have ever been married), or
      3) A court decree awards joint custody without specifying that one parent has the responsibility to provide health care coverage.
B. If both parents have the same birthday, the plan that has covered either of the parents longer is primary.

C. If the specific terms of a court decree state that one of the parents is responsible for the child’s health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with financial responsibility has no coverage for the child’s health care services or expenses, but that parent’s spouse does, the spouse’s plan is primary. This subparagraph will not apply with respect to any claim determination period, Benefit Period or Plan Year during which benefits are paid or provided before the entity has actual knowledge.

D. If the parents are not married or are separated (whether or not they were ever married) or are divorced, and there is no court decree allocating responsibility for the child’s health care services or expenses, the order of benefit determination among the plans of the parents and the parents’ spouses (if any) is:

1) The plan of the custodial parent.
2) The plan of the spouse of the custodial parent.
3) The plan of the non-custodial parent.
4) The plan of the spouse of the non-custodial parent.

3. Active or Inactive Employee

The Plan that covers a person as an employee who is neither laid-off nor retired (or as that employee’s dependent) is primary. If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule will not be followed.

4. Continuation Coverage

If a person whose coverage is provided under a right of continuation pursuant to state or federal law (e.g., COBRA) is also covered under another plan, the plan covering the person as an Employee, member, subscriber or retiree (or as that person’s Dependent) is primary and the continuation coverage is secondary. If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

5. Longer or Shorter Length of Coverage

If the preceding rules do not determine the order of benefits, the plan that has covered the person for the longer period of time is primary.

A. To determine the length of time a person has been covered under a plan, two plans will be treated as one if the Covered Person was eligible under the second within 24 hours after the first ended.

B. The start of a new plan does not include:

1) A change in the amount or scope of a plan’s benefits;
2) A change in the entity that pays, provides or administers the plan’s benefits; or
3) A change from one type of plan to another (such as from a single employer plan to that of a multiple-employer plan).

C. A person’s length of time covered under a plan is measured from the person’s first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group will be used as the date from which to determine the length of time the person’s coverage under the present plan has been in force.

6. No Rules Apply

If none of these preceding rules determines the primary plan, the allowable expense will be determined equally between the plans.

COORDINATION WITH MEDICARE

Medicare Part A or Part B will be considered a plan for the purposes of coordination of benefits. This Plan will coordinate benefits with Medicare whether or not the Covered Person is actually receiving Medicare Benefits. This means that the Plan will only pay the amount that Medicare would not have covered, even if the Covered Person does not elect to be covered under Medicare. Also, failure to enroll in Medicare Part B when a person is initially eligible may result in the person being assessed a significant surcharge by Medicare for late enrollment in Part B.
For all purposes, this Plan will be primary to Medicare Part D.

1. For Working Age

   A covered Employee who is sixty-five (65) years of age or older may be covered under this Plan and be covered under Medicare, in which case this Plan will pay primary. A covered Employee, sixty (65) years of age or older, may elect not to be covered under this Plan. If such election is made, this plan will not be secondary to Medicare, as coverage under this Plan will terminate.

   A covered Dependent, sixty-five (65) years of age or older, of a covered Employee may also be covered under this Plan and be covered under Medicare, in which case the Plan again will pay primary. A covered Dependent, sixty (65) years of age or older, may elect not to be covered under this Plan. If such election is made, this Plan will not be secondary to Medicare, as coverage under this Plan will terminate.

2. For Retired Persons

   Medicare is primary and the Plan will be secondary for the covered Retiree if he/she is an individual who is enrolled in Medicare Part A or Part B as a result of age and retired.

   Medicare is primary and the Plan will be secondary for the covered Retiree’s Dependent who is enrolled in Medicare Part A or Part B if both the covered Retiree and his/her covered Dependent are enrolled in Medicare Part A or Part B as a result of age and retired.

   Medicare is primary for the Retiree’s Dependent when the Retiree is not enrolled for Medicare Part A or Part B as a result of age and the Retiree’s Dependent is enrolled in Medicare Part A or Part B as a result of age.

3. For Covered Persons who are Disabled

   The Plan is primary and Medicare will be secondary for the Participant or any covered Dependent who is eligible for Medicare by reason of disability, if the Participant is actively employed by the Employer.

   The Plan is secondary and Medicare will be primary for the Participant or any covered Dependent who is eligible for Medicare by reason of disability if the Participant is retired or otherwise not actively working for the Employer.

4. For Persons with End Stage Renal Disease

   Except as stated below*, for Employees or Retirees and their Dependents, if Medicare eligibility is due solely to End Stage Renal Disease (ESRD), this Plan will be primary only during the first thirty (30) months of Medicare coverage. Thereafter, this Plan will be secondary with respect to Medicare coverage, unless after the thirty (30) month period described above, the Covered Person has no dialysis for a period of twelve (12) consecutive months and:

   A. Then resumes dialysis, at which time the Plan will again become primary for a period of thirty (30) months; or

   B. The Covered Person undergoes a kidney transplant, at which time the Plan will again become primary for a period of thirty (30) months.

   *If a Covered Person is covered by Medicare as a result of disability, and Medicare is primary for that reason on the date the Covered Person becomes eligible for Medicare as a result of End Stage Renal Disease, Medicare will continue to be primary and the Plan will be secondary.

COORDINATION WITH MEDICAID

If a Covered Person is also entitled to and covered by Medicaid, the Plan will always be primary and Medicaid will always be secondary coverage.

COORDINATION WITH TRICARE/CHAMPVA

If a Covered Person is also entitled to and covered under TRICARE/CHAMPVA, this Plan will always be primary and TRICARE/CHAMPVA will always be secondary coverage. TRICARE/CHAMPVA coverage will include programs established under its authority, known as TRICARE/CHAMPVA standard, TRICARE Extra and TRICARE Prime.
If the Covered Person is eligible for Medicare and entitled to veteran’s benefits through the Department of Veterans Affairs (VA), this Plan will always be primary and the VA will always be secondary for non-service connected medical claims. For these claims, this Plan will make payment to the VA as though this Plan was making payment secondary to Medicare.

**PROCEDURES FOR CLAIMING BENEFITS UNDER THE PLAN**

(406) 721-2222

Claims may also be sent through any electronic claims submission system or clearinghouse to which the Plan Supervisor has access.

In no event will any claim be considered for payment of benefits if it is initially submitted to the Plan more than twelve (12) months from the date that such claim was incurred.

In the event a Member Group or Sub-Entity discontinues its coverage, the Covered Person or Dependent must submit their claim within twelve (12) months from the date of service in order to receive reimbursement or payment. All coverage ends at midnight on the day coverage is terminated.

Claims will not be deemed to be submitted until received by MACoHCT.

The Plan will have the right, in its sole discretion and at its own expense, to require a claimant to undergo a medical examination, when and as often as may be reasonable, and to require the claimant to submit, or cause to be submitted, any and all medical and other relevant records it deems necessary to properly adjudicate the claim.

**CLAIM DECISIONS ON CLAIMS AND ELIGIBILITY**

Claims will be considered for payment according to the Plan’s terms and conditions, industry-standard claims processing guidelines and administrative practices not inconsistent with the terms of the Plan. The Plan may, when appropriate or when required by law, consult with relevant health care professionals and access professional industry resources in making decisions about claims that involve specialized medical knowledge or judgment. Initial eligibility and claims decisions will be made within the time periods stated below. For purposes of this section, “Covered Person” will include the claimant and the claimant’s authorized representative; “Covered Person” does not include a health care provider or other assignee, and said health care provider or assignee does not have an independent right to appeal an Adverse Benefit Determination simply by virtue of the assignment of benefits.
“Authorized Representative” means a representative authorized by the claimant to act on their behalf in pursuing a benefit claim or appeal of an Adverse Benefit Determination. The claimant must authorize the representative in writing, and this written authorization must be provided to the Plan. The Plan will recognize this Authorized Representative when the Plan receives the written authorization.

INFORMATION REGARDING URGENT CARE CLAIMS IS PROVIDED UNDER THE DISCLOSURE REQUIREMENTS OF APPLICABLE LAW; THE PLAN DOES NOT MAKE TREATMENT DECISIONS. ANY DECISION TO RECEIVE TREATMENT MUST BE MADE BETWEEN THE PATIENT AND HIS OR HER HEALTHCARE PROVIDER; HOWEVER, THE PLAN WILL ONLY PAY BENEFITS ACCORDING TO THE TERMS, CONDITIONS, LIMITATIONS AND EXCLUSIONS OF THIS PLAN.

1. Urgent Care Claims - An Urgent Care Claim is any claim for medical care or treatment with respect to which:

   A. In the judgment of a prudent layperson possessing an average knowledge of health and medicine could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function; or

   B. In the opinion of a Physician with knowledge of the claimant’s medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

   There are no Urgent Care requirements under this Plan and therefore, there are no rights to appeal a pre-service Urgent Care claim denial.

2. Pre-Service Claims - Pre-Service Claims must be submitted to the Plan before the Covered Person receives medical treatment or service. A Pre-Service Claim is any claim for a medical benefit which the Plan terms condition the Covered Person’s receipt of the benefit, in whole or in part, on approval of the benefit before obtaining treatment. Pre-Service Claims are claims decisions that the Plan requires pre-treatment review before a Covered Person obtains medical care.

3. Post-Service Claims - A Post-Service Claim is any claim for a medical benefit under the Plan with respect to which the terms of the Plan do not condition the Covered Person’s receipt of the benefit, or any part thereof, on approval of the benefit prior to obtaining medical care, and for which medical treatment has been obtained prior to submission of the claim(s).

   In most cases, initial claims decisions on Post-Service Claims will be made within thirty (30) days of the Plan’s receipt of the claim. The Plan will provide timely notice of the initial determination once sufficient information is received to make an initial determination, but no later than thirty (30) days after receiving the claim.

4. Concurrent Care Review - For patients who face early termination or reduction of benefits for a course of treatment previously certified by the Plan, a decision by the Plan to reduce or terminate benefits for ongoing care is considered an Adverse Benefit Determination. (Note: Exhaustion of the Plan’s benefit maximums is not an Adverse Benefit Determination.) The Plan will notify the Covered Person sufficiently in advance to allow an appeal for uninterrupted continuing care before the benefit is reduced or terminated. Any request to extend an Urgent Care course of treatment beyond the initially prescribed period of time must be decided within twenty-four (24) hours of the Plan’s receipt of the request. The appeal for ongoing care or treatment must be made to the Plan at least twenty-four (24) hours prior to the expiration of the initially-prescribed period.

APPEALING AN UN-REIMBURSED PRE-SERVICE CLAIM

If a claim is denied in whole or in part, the Covered Person will receive written notification of the Adverse Benefit Determination. A claim denial will be provided by the Plan showing:

1. The reason the claim was denied;

2. Reference(s) to the specific Plan provision(s) or rule(s) upon which the decision was based which resulted in the Adverse Benefit Determination;

3. Any additional information needed to perfect the claim and why such information is needed; and

4. An explanation of the Covered Person’s right to appeal the Adverse Benefit Determination for a full and fair review and the right to bring a civil action following an Adverse Benefit Determination on appeal.

If a Covered Person does not understand the reason for any Adverse Benefit Determination, he or she should contact the Plan Supervisor at the address or telephone number shown on the claim denial.
The Covered Person must appeal the Adverse Benefit Determination before the Covered Person may exercise his or her right to bring a civil action. This Plan provides two (2) levels of benefit determination review and the Covered Person must exercise both levels of review before bringing a civil action.

To initiate the first level of benefit review, the Covered Person must submit in writing an appeal or a request for review of the Adverse Benefit Determination to the Plan within one hundred eighty (180) days after the Adverse Benefit Determination. The Covered Person should include any additional information supporting the appeal or the information required by the Plan which was not initially provided and forward it to the Plan Supervisor within the 180-day time period. Failure to appeal the Adverse Benefit Determination within the 180-day time period will render the determination final. Any appeal received after the 180-day time period has expired will receive no further consideration.

Appeals or requests for review of Adverse Benefit Determinations must be submitted to the Plan Supervisor in writing to P.O. Box 1269, Missoula, MT 59806-1269. Supporting materials may be submitted via mail, electronic claims submission process, facsimile (fax) or electronic mail (e-mail).

1. First Level of Benefit Determination Review

The first level of benefit determination review is done by the Plan Supervisor. The Plan Supervisor will research the information initially received and determine if the initial determination was appropriate based on the terms and conditions of the Plan and other relevant information. Notice of the decision on the first level of review will be sent to the Covered Person within fifteen (15) days following the date the Plan Supervisor receives the request for reconsideration.

If, based on the Plan Supervisor’s review, the initial Adverse Benefit Determination remains the same and the Covered Person does not agree with that benefit determination, the Covered Person must initiate the second level of benefit review. The Covered Person must request the second review in writing and send it to the Plan Supervisor, not later than sixty (60) days after receipt of the Plan Supervisor’s decision from the first level of review. Failure to initiate the second level of benefit review within the 60-day time period will render the determination final.

2. Second Level of Benefit Determination Review

The MACoHCT Board of Trustees will review the claim in question along with the additional information submitted by the Covered Person. The Plan will conduct a full and fair review of the claim by a person(s) who are neither the original decision maker nor the decision maker’s subordinate. The MACoHCT Board of Trustees cannot give deference to the initial benefit determination. The MACoHCT Board of Trustees may, when appropriate or if required by law, consult with relevant health care professionals in making decisions about appeals that involve specialized medical judgment. Where the appeal involves issues of Medical Necessity or experimental treatment, the MACoHCT Board of Trustees will consult with a health care professional with appropriate training who was neither the medical professional consulted in the initial determination or his or her subordinate.

After a full and fair review of the Covered Person’s appeal, the Plan will provide a written or electronic notice of the final benefit determination, which contains the same information as notices for the initial determination, within fifteen (15) days.

INDEPENDENT EXTERNAL REVIEW FOR A PRE-SERVICE CLAIM

After exhaustion of all appeal rights stated above, a Covered Person may also request a final independent external review of any Adverse Benefit Determination involving a question of Medical Necessity, or other issue requiring medical expertise for resolution.

To assert this right to independent external medical review, the Covered Person must request such review in writing within one hundred twenty (120) days after a decision is made upon the second level benefit determination above.

If an independent external review is requested, the Plan Supervisor will forward the entire record on appeal, within ten (10) days, to an independent external review organization (IRO) selected randomly. The IRO will notify the Covered Person of its procedures to submit further information.

The IRO will issue a final decision within forty-five (45) days after receipt of all necessary information.
The decision of the IRO will be final and binding except that the Covered Person shall have an additional right to appeal the matter to a court with jurisdiction.

APPELLING AN UN-REIMBURSED POST-SERVICE CLAIM

If a claim is denied in whole or in part, the Covered Person will receive written notification of the Adverse Benefit Determination. A claim Explanation of Benefits (EOB) will be provided by the Plan showing:

1. The reason the claim was denied;
2. Reference(s) to the specific Plan provision(s) or rule(s) upon which the decision was based which resulted in the Adverse Benefit Determination;
3. Any additional information needed to perfect the claim and why such information is needed; and
4. An explanation of the Covered Person’s right to appeal the Adverse Benefit Determination for a full and fair review and the right to bring a civil action following an Adverse Benefit Determination on appeal.

If a Covered Person does not understand the reason for any Adverse Benefit Determination, he or she should contact the Plan Supervisor at the address or telephone number shown on the EOB form.

The Covered Person must appeal the Adverse Benefit Determination before the Covered Person may exercise his or her right to bring a civil action. This Plan provides two (2) levels of benefit determination review and the Covered Person must exercise both levels of review before bringing a civil action.

To initiate the first level of benefit review, the Covered Person must submit in writing an appeal or a request for review of the Adverse Benefit Determination to the Plan within one hundred eighty (180) days after the Adverse Benefit Determination. The Covered Person should include any additional information supporting the appeal or the information required by the Plan which was not initially provided and forward it to the Plan Supervisor within the 180-day time period. Failure to appeal the Adverse Benefit Determination within the 180-day time period will render the determination final. Any appeal received after the 180-day time period has expired will receive no further consideration.

Appeals or requests for review of Adverse Benefit Determinations must be submitted to the Plan Supervisor in writing to P.O. Box 1269, Missoula, MT 59806-1269. Supporting materials may be submitted via mail, electronic claims submission process, facsimile (fax) or electronic mail (e-mail).

1. First Level of Benefit Determination Review

The first level of benefit determination review is done by the Plan Supervisor. The Plan Supervisor will research the information initially received and determine if the initial determination was appropriate based on the terms and conditions of the Plan and other relevant information. Notice of the decision on the first level of review will be sent to the Covered Person within thirty (30) days following the date the Plan Supervisor receives the request for reconsideration.

If, based on the Plan Supervisor’s review, the initial Adverse Benefit Determination remains the same and the Covered Person does not agree with that benefit determination, the Covered Person must initiate the second level of benefit review. The Covered Person must request the second review in writing and send it to the Plan Supervisor, not later than sixty (60) days after receipt of the Plan Supervisor’s decision from the first level of review. Failure to initiate the second level of benefit review within the 60-day time period will render the determination final.

2. Second Level of Benefit Determination Review

The MACoHCT Board of Trustees will review the claim in question along with the additional information submitted by the Covered Person. The Plan will conduct a full and fair review of the claim by a person(s) who is neither the original decision maker nor the decision maker’s subordinate. The MACoHCT Board of Trustees cannot give deference to the initial benefit determination. The MACoHCT Board of Trustees may, when appropriate or if required by law, consult with relevant health care professionals in making decisions about appeals that involve specialized medical judgment. Where the appeal involves issues of Medical Necessity or experimental treatment, the MACoHCT Board of Trustees will consult with a health care professional with appropriate training who was neither the medical professional consulted in the initial determination or his or her subordinate.
After a full and fair review of the Covered Person’s appeal, the Plan will provide a written or electronic notice of the final benefit determination within a reasonable time, but no later than thirty (30) days from the date the appeal is received by the Plan.

All claim payments are based upon the terms contained in the Plan Document, on file with the Plan Administrator and the Plan Supervisor. The Covered Person may request, free of charge, more detailed information, names of any medical professionals consulted and copies of relevant documents, as defined in and required by law, which were used by the Plan to adjudicate the claim.

INDEPENDENT EXTERNAL REVIEW OF A POST-SERVICE CLAIM

After exhaustion of all appeal rights stated above, a Covered Person may also request a final independent external review of any Adverse Benefit Determination involving a question of Medical Necessity, or other issue requiring medical expertise for resolution.

To assert this right to independent external medical review, the Covered Person must request such review in writing within one hundred twenty (120) days after a decision is made upon the second level benefit determination above.

If an independent external review is requested, the Plan Supervisor will forward the entire record on appeal, within ten (10) days, to an independent external review organization (IRO) selected randomly. The IRO will notify the Covered Person of its procedures to submit further information.

The IRO will issue a final decision within forty-five (45) days after receipt of all necessary information.

The decision of the IRO will be final and binding except that the Covered Person shall have an additional right to appeal the matter to a court with jurisdiction.

ELIGIBILITY PROVISIONS

EMPLOYEE ELIGIBILITY

An eligible Employee under this Plan is defined by each Montana Association of Counties Health Care Trust (MACoHCT) Member Group or Sub-Entity.

An Employee becomes eligible under this Plan for each classification of Employee as stated in the MACoHCT Participation and Affiliation Agreement and in the MACoHCT Employee Eligibility Form provided by the MACoHCT Member Group or Sub-Entity to the Plan.

An Employee is not eligible while on active military duty if that duty exceeds a period of thirty-one (31) consecutive days.

EMPLOYEE ELIGIBILITY FOR TETON COUNTY

An eligible Employee includes a person who is employed by Teton County, a Member Group or Sub-Entity, on a continuing basis who is regularly scheduled to work at least seventy-five (75) hours per month.

However, an eligible Employee includes only a person who is employed by a Member Group as a permanent, temporary, or seasonal employee as defined in the General Definitions section of this Plan and who has been determined to be eligible for Health Benefits by the Member Group under contract or policy.

Part-time workers scheduled to work less than seventy-five (75) hours per month, short-term workers and student interns are not eligible for coverage.

An Employee is not eligible while on active military duty if that duty exceeds a period of thirty-one (31) consecutive days.

EMPLOYEE ELIGIBILITY FOR LAKE COUNTY

An eligible Employee includes a person who is employed by Lake County, a Member Group, on a continuing basis who is regularly scheduled to work at least seventeen (17) hours per week to be eligible for the Lake County Dental and Vision Plan.
This eligibility criteria applies only to and is specifically for Lake County Dental and Vision Benefits and shall not apply to any other benefits that may now apply to or be selected by Lake County in the future.

Part-time workers scheduled to work less than seventeen (17) hours per week, short-term workers and student interns are not eligible for coverage.

An Employee is not eligible while on active military duty if that duty exceeds a period of thirty-one (31) consecutive days.

**ELECTED COUNTY OFFICIAL ELIGIBILITY**

An eligible County Elected Official is a person whose service with the Member Group, also known as “Member Entities”, is as a result of an election to an official governmental office as required by Montana law, or as a result of appointment to such an official governmental office to serve out the remainder of an unexpired term of an elected official who has resigned or been removed from an official governmental office, as allowed by Montana law. A person will be considered a County Elected Official only during the legal term of office for any such official governmental office. Elected officials, supervisors, trustees, and commissioners of special districts, known as “Affiliate Entities”, are not eligible for coverage.

**WAITING PERIOD/ADMINISTRATIVE PERIOD**

With respect to an eligible Employee, coverage under the Plan will not start until the Employee completes a Waiting Period or Administrative Period.

The Waiting Period is the period of time commencing on the Enrollment Date and ending on the last day of the month following the Enrollment Date (date of eligibility), unless a different period is required pursuant to a collectively bargained contract or the Employer’s personnel policy, which shall be stated in the MACoHCT Employee Eligibility Form.

The Administrative Period commences starting from the end of the Measurement Period. If elected, coverage under this section shall continue for a period of time equal to the Measurement Period, provided the Participant remains employed by the Employer, but regardless of the number of hours worked, paid leave, FMLA or jury duty time off during that time period. This period of time is the Coverage Period and shall be stated in the MACoHCT Eligibility Form provided by the MACoHCT Member Entity, Affiliate Entity or Sub-Entity to the Plan.

No Waiting Period or Administrative Period will exceed ninety (90) days for any class of Employee.

**DEPENDENT ELIGIBILITY**

An eligible Dependent includes any person who is a citizen, resident alien, or is otherwise legally present in the United States or in any other jurisdiction that the related Participant has been assigned by the Employer, and who is either:

1. The Participant's legal spouse, according to the marriage laws of the state where the marriage was first solemnized or established. Proof of common-law marriage must be furnished to the Plan Administrator upon request, including a copy of the Participant’s most recent Federal tax return and signed Affidavit.

   An eligible Dependent does not include a spouse who is legally separated or divorced from the Participant and has a court order or decree stating such from a court of competent jurisdiction.

2. The Participant’s Adult Dependent, provided all of the following “Required Eligibility Conditions” are met:

   A. The Participant and Adult Dependent are both eighteen (18) years of age or older and each has the capacity to enter into a contract; and

   B. The Participant and Adult Dependent has had joint ownership or joint tenancy of a residence together for at least the most recent twelve (12) consecutive months, and the jointly-owned or jointly-leased residence has served as the primary placed residence for each of them during the same period; and

   C. The Adult Dependent does not meet the MACoHCT eligibility requirements of a spouse or a Dependent child; and

   D. The Adult Dependent does not have a parental relationship with the Participant; and

   E. The Adult Dependent is not related to the Participant by blood or marriage; and
F. The Adult Dependent has a financially-interdependent relationship with the Participant as evidenced by at least three (3) of the following:

1) Joint ownership or lease of a motor vehicle;
2) At least one joint liability such as a loan or credit card;
3) Mutually-granted powers of attorney or mutually-granted health care powers of attorney;
4) Designation of each other as primary beneficiary in wills, life insurance policies, or retirement annuities.

3. The Participant's or Adult Dependent's Dependent child who meets all of the following "Required Eligibility Conditions":

A. Is a natural child; step-child; legally adopted child; a child who has been Placed for Adoption with the Participant and for whom as part of such placement the Participant has a legal obligation for the partial or full support of such child, including providing coverage under the Plan pursuant to a written agreement; a person for whom the Participant has been appointed the legal guardian by a court of competent jurisdiction prior to the person attaining nineteen (19) years of age; and

B. Is less than twenty-six (26) years of age. This requirement is waived if the Participant’s child is mentally handicapped/challenged or physically handicapped/challenged, provided that the child is capable of self-supporting employment and is chiefly dependent upon the Participant for support and maintenance. Proof of incapacity must be furnished to MACoHCT upon request, and additional proof may be required from time to time.

An eligible Dependent does not include a spouse of the Dependent child or a child of the Dependent child.

PARTICIPANT ELIGIBILITY FOR DEPENDENT COVERAGE

Each Employee will become eligible for Dependent Coverage on the latest of 1) the date the Employee becomes eligible for Participant coverage; or 2) the date on which the Employee first acquires a Dependent.

RETIREE ELIGIBILITY

Retirees of Member Groups or Sub-Entities and their eligible Dependents shall be eligible under this Plan if the Retiree satisfies one of the following conditions:

1. The retired person was an eligible covered Employee under this Plan on the day immediately before the date of retirement and retired pursuant to the terms of the Public Employees Retirement laws or is eligible for coverage pursuant to the terms of 2-18-704, MCA, as amended from time to time; or

2. The retired person was an eligible covered Employee under this Plan on the day immediately before the date of retirement, was not eligible for retirement under the terms of 2-18-704, MCA, but was eligible for retirement under the terms and conditions of the employment policies and practices of the Member Group or Sub-Entity with which the person was employed on the day immediately before retirement.

Medicare eligible Retirees and their covered Dependent spouses may be eligible to enroll for coverage under the MACoHCT Group Medicare Advantage Plan, subject to the eligibility rules of such plan. Coverage under this Plan will terminate on the date the Medicare eligible Retiree or his/her Dependent spouse becomes eligible for coverage under the MACoHCT Group Medicare Advantage Plan. However, Dependent children of a Medicare eligible Retiree are not eligible for coverage under the MACoHCT Group Medicare Advantage Plan and may continue coverage under this Plan. A Dependent spouse of a Medicare eligible Retiree who does not meet the eligibility rules under the MACoHCT Group Medicare Advantage Plan may continue coverage under this Plan until the date he/she becomes eligible for coverage under the MACoHCT Group Medicare Advantage Plan. Once coverage for a Medicare eligible Retiree or a Dependent spouse of a Medicare eligible Retiree has been elected under the MACoHCT Group Medicare Advantage Plan, eligibility under this Plan may not be reinstated, unless the Retiree becomes rehired and is eligible for coverage again as an active Employee. If coverage under the MACoHCT Group Medicare Advantage Plan is elected for any Medicare eligible Retiree or covered spouse, Dental or Vision benefits may be continued in the same manner in which they were provided prior to becoming covered under the MACoHCT Group Medicare Advantage Plan.

Retirees and their eligible Dependents who are not eligible for coverage under the MACoHCT Group Medicare Advantage Plan and who elect to continue coverage under this Plan may also elect to change coverage options at the time of retirement to any coverage option offered by the Member Group. The coverage option for eligible Dependents must be the same as the Retiree.
DECLINING COVERAGE

If an eligible person declines coverage under this Plan, he/she will state his or her reason(s) for declining, in writing. Failure to provide those reasons in writing may result in the Plan refusing enrollment at a later date.

EFFECTIVE DATE OF COVERAGE

All coverage under the Plan will commence at 12:01 A.M. in the time zone in which the Covered Person permanently resides, on the date such coverage becomes effective.

PARTICIPANT COVERAGE

Participant coverage under the Plan will become effective on the first day immediately after the Employee satisfies the applicable eligibility requirements and Waiting Period or Administrative Period as stated in the MACoHCT Employee Eligibility Form provided by the MACoHCT Member Group or Sub-Entity to the Plan. If these requirements are met, the Employee must be offered coverage or an opportunity to waive coverage even if the offer is after the date coverage should become effective, regardless of the time that has elapsed, provided that the reason coverage was not offered before the end of the Waiting Period or Administrative Period was as a result of an administrative error on the part of the Employer, Plan Administrator or Plan Supervisor.

An eligible Employee who declines Participant coverage under the Plan during the Initial Enrollment Period will be able to become covered later only during Open Enrollment and Special Enrollment.

A Variable Hour Employee will remain covered during the Coverage Period, regardless of the number of hours worked, applicable leave, FMLA or jury duty time off, as long as the individual remains employed by the Member Group or Sub-Entity. At the end of the Coverage Period, if the individual remains employed as a Variable Hour Employee and meets the eligibility requirements as stated in the MACoHCT Employee Eligibility Form during the Coverage Period, the individual will remain covered for a period of time equal to the original Coverage Period.

“Coverage Period” is the maximum period of time Variable Hour Employees can be covered under the Plan as active Employees after completion of a Measurement Period as defined in the “Eligibility Provisions under the “Employee Eligibility” subsection.

For all Member Groups or Sub-Entities, if an eligible Employee chooses not to enroll or fails to enroll for coverage under the Plan during the Initial Enrollment Period, coverage for the Employee and Dependents will be deemed waived.

For all Member Groups or Sub-Entities, if a Participant chooses not to re-enroll or fails to re-enroll during any Open Enrollment Period, coverage for the Participant and any Dependents covered at the time will remain the same as that elected prior to the Open Enrollment Period.

DEPENDENT COVERAGE

Each Participant who requests Dependent Coverage on the Plan’s enrollment form will become covered for Dependent Coverage as follows:

1. On the Participant’s effective date of coverage, if application for Dependent Coverage is made on the same enrollment form used by the Participant to enroll for coverage. This subsection applies only to Dependents who are eligible on the Participant’s effective date of coverage.

2. In the event a Dependent is acquired after the Participant’s effective date of coverage as a result of a legal guardianship or in the event that a Participant is required to provide coverage as a result of a valid court order, or if the Dependent is acquired as a result of operation of law, Dependent Coverage will begin on the first day of the month following the Plan’s receipt of an enrollment form and copy of said court order, if applicable.

OPEN ENROLLMENT PERIOD

The “Open Enrollment Period” is a period during which an Employee and the Employee’s eligible Dependents, who are not covered under this Plan, may request Participant or Dependent coverage. Coverage must be requested on the Plan’s enrollment form.
The Open Enrollment for Member Groups or Sub-Entities as defined by MACoHCT for Plans that renew in January is October 1st through December 15th of each year.

The Open Enrollment for Member Groups or Sub-Entities as defined by MACoHCT for Plans that renew in July is May 1st through July 15th of each year.

Coverage requested during any Open Enrollment Period will begin on the first day of the month immediately following the Open Enrollment Period.

SPECIAL ENROLLMENT PERIOD

In addition to other enrollment time allowed by this Plan, certain persons may enroll during the Special Enrollment Periods described below.

“Special Enrollment Period” means a period of time allowed under this Plan, other than the eligible person’s Initial Enrollment Period or an Open Enrollment Period, during which an eligible person can request coverage under this Plan as a result of certain events that create special enrollment rights.

 Coverage will become effective on the date of the event if the Employee makes a special enrollment request, verbally or in writing, within thirty (30) days of any special enrollment event and application for such coverage is made on the Plan’s enrollment form within sixty (60) days of the event.

1. An eligible Employee who is not enrolled and eligible Dependents, including step children, who are acquired under the following specific events may enroll and become covered:

   A. Marriage to the Employee;
   B. Birth of the Employee’s child; or
   C. Adoption of a child by the Employee, provided the child is under the age of nineteen (19); or
   D. Placement for Adoption with the Employee, provided such Employee has a legal obligation for the partial or full support of such child, including providing coverage under the Plan pursuant to a written agreement and the child is under the age of nineteen (19).

2. A Participant may enroll eligible Dependents, including step children, who are acquired under the following specific events:

D. Placement for Adoption with the Retiree, provided such Retiree has a legal obligation for the partial or full support of such child, including providing coverage under the Plan pursuant to a written agreement and the child is under the age of nineteen (19).

5. The following individuals may enroll and become covered when coverage under another health care plan or health insurance is terminated due to loss of eligibility or if employer contributions to the other coverage have been terminated (Loss of Coverage), subject to the following:
   A. If the eligible Employee loses coverage, the eligible Employee who lost coverage and any eligible Dependents of the eligible Employee may enroll and become covered.
   B. If an eligible Dependent loses coverage, the eligible Dependent who lost coverage and the eligible Employee may enroll and become covered.
   C. If an eligible Dependent of a Retiree loses coverage, the eligible Dependent who lost coverage may enroll and become covered.

Further, Loss of Coverage means only one of the following:

*Employer contributions include contributions by any current or former employer that was contributing to the other non-COBRA coverage.

A loss of eligibility for coverage does not occur if coverage was terminated due to a failure of the Employee or Dependent to pay premiums on a timely basis or coverage was terminated for cause.

6. Individuals may enroll and become covered when coverage under Medicaid or any state children’s insurance program recognized under the Children’s Health Insurance Program Reauthorization Act of 2009 is terminated due to loss of eligibility, subject to the following:

For any Special Enrollment event, the Participant may also elect to change Coverage Options to any Coverage Option offered by the Member Group or Sub-Entity. The Deductible Option for the Dependent must be the same as the Participant.

**CHANGE IN STATUS**

If a Covered Dependent under this Plan becomes an eligible Employee of a Member Group or Sub-Entity, he/she may continue his/her coverage as a Dependent and/or elect to be covered as a Participant.

If an eligible Employee who is covered as a Participant of this Plan ceases to be an Employee of a Member Group or Sub-Entity, but is eligible to be covered as a Dependent under another Employee/Participant, he/she may elect to continue his or her coverage uninterrupted as a Dependent, provided there is no break in coverage. Written notice from the Member Group or Sub-Entity must be made within thirty (30) days immediately following the date coverage would otherwise terminate.

A Change in Status will not be deemed a break or termination of coverage and will not operate to reduce or increase any benefits. The deductible and Out-of-Pocket accumulations, to which the Covered Person was entitled before the Change in Status, as well as all accrued Plan maximums, will carry over to the continued coverage. However, the amounts carried forward to the new coverage due to a Change in Status will not exceed the annual Deductible or Out-of-Pocket amounts applicable to the new coverage.

**QUALIFIED MEDICAL CHILD SUPPORT ORDER PROVISION**

**PURPOSE**

This Plan adopts ERISA standards to comply with child support enforcement obligation of Part D of Title IV of the Social Security Act of 1975 as amended. MACoHCT adopts the following procedures to determine whether Medical Child Support Orders are qualified in accordance with ERISA’s requirements, to administer payments and other provisions under Qualified Medical Child Support Orders (QMCSOs), and to enforce these procedures as legally required.

**DEFINITIONS**

For QMCSO requirements, the following definitions apply:

1. “Alternate Recipient” means any child of a Participant who is recognized under a Medical Child Support Order as having a right to enroll in this Plan with respect to the Participant.

2. “Medical Child Support Order” means any state or court judgment, decree or order (including approval of settlement agreement) issued by a court of competent jurisdiction, or issued through an administrative process established under State law and which has the same force and effect of law under applicable State law and:

   A. Provides for child support for a child of a Participant under this Plan; or

   B. Provides for health coverage for such a child under state domestic relations laws (including community property laws) and relates to benefits under this Plan; and

   C. Is made pursuant to a law relating to medical child support described in Section 1908 of the Social Security Act.

3. “Plan” means this self-funded Employee Health Benefit Plan, including all supplements and amendments in effect.
4. “Qualified Medical Child Support Order” means a Medical Child Support Order which creates (including assignment of rights) or recognizes an Alternate Recipient's right to receive benefits to which a Participant or Qualified Beneficiary is eligible under this Plan, and has been determined by MACoHCT to meet the qualification requirements as outlined under “Procedures” of this provision.

CRITERIA FOR A QUALIFIED MEDICAL CHILD SUPPORT ORDER

To be qualified, a Medical Child Support Order must clearly:

1. Specify the name and the last known mailing address (if any) of the Participant and the name and mailing address of each Alternate Recipient covered by the order, except that, to the extent provided in the order, the name and mailing address of an official of a State or a political subdivision thereof may be substituted for the mailing address of any such Alternate Recipient; and

2. Include a reasonable description of the type of coverage to be provided by the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and

3. Specify each period to which such order applies.

In order to be qualified, a Medical Child Support Order must not require the Plan to provide any type or form of benefits, or any option, not otherwise provided under the Plan except to the extent necessary to meet the requirements of Section 1908 of the Social Security Act (relating to enforcement of state laws regarding child support and reimbursement of Medicaid).

PROCEDURES FOR NOTIFICATIONS AND DETERMINATIONS

In the case of any Medical Child Support Order received by this Plan:

1. MACoHCT will promptly notify the Participant and each Alternate Recipient of the receipt of such order and the Plan’s procedures for determining whether Medical Child Support Orders are qualified orders; and

2. Within a reasonable period after receipt of such order, MACoHCT will determine whether such order is a Qualified Medical Child Support Order and notify the Participant and each Alternate Recipient of such determination.

NATIONAL MEDICAL SUPPORT NOTICE

If MACoHCT receives an appropriately completed National Medical Support Notice as described in Section 401(b) of the Child Support Performance and Incentive Act of 1998 in the case of such child, and the Notice meets the criteria shown above for a qualified order, the Notice will be deemed to be a Qualified Medical Child Support Order in the case of such child.

REINSTATEMENT OF COVERAGE

An Employee whose coverage terminates by reason of termination of employment or reduction in hours and who again becomes eligible for coverage under the Plan within a thirteen (13) week period immediately following the date of such termination of employment or reduction in hours will become eligible for reinstatement of coverage on the date of renewed eligibility. Coverage will be reinstated for the Employee and eligible Dependents on the date of renewed eligibility, if covered on the date of termination, provided that application for such coverage is made on the Plan’s enrollment form within thirty (30) days after the date of renewed eligibility. Reinstatement of Coverage is subject to the following:

1. Credit will be given for prior amounts applied toward the Deductible and Out-of-Pocket Maximum for the same Benefit Period during which renewed eligibility occurs.

2. All prior accumulations toward annual or lifetime benefit maximums will apply.

If renewed eligibility occurs under any circumstances other than as stated in this sub-section, enrollment for coverage for the Employee and his/her Dependents will be treated as if initially hired for purposes of eligibility and coverage under this Plan.

The Reinstatement of Coverage provision is not applicable to a Variable Hour Employee except for any period of time that the Variable Employee is actually enrolled and covered during the Coverage Period.

TEMPORARY LAYOFF/ LEAVE OF ABSENCE

A Participant whose Active Service ceases as a result of a layoff or any county approved leave of absence, including FMLA leave and Worker’s Compensation Injury leave, may remain covered as an Employee in Active Service until the earliest of the following dates:

1. The date the Participant fails to make any required contribution for coverage;

2. The date the Participant otherwise cancels his or her coverage or terminates participation in MACoHCT;
3. The date the Participant exhausts twelve (12) weeks of unpaid leave in a twelve (12) month period; or

4. In the event that the Participant qualifies for Family Medical Leave Act Leave in excess of twelve (12) weeks in a twelve (12) month period, the date the Participant no longer qualifies for FMLA leave.

Pursuant to 7-32-2113, MCA, a deputy sheriff may remain covered as an Employee in Active Service for up to one (1) year for a deputy sheriff whose Active Service ceases as a result of Injury in the line of duty and the deputy sheriff is unable to perform the deputy sheriff’s duties as a result of the Injury.

DEPENDENT TERMINATION

Each Covered Person, whether Participant or Dependent, is responsible for notifying MACoHCT, within sixty (60) days after loss of Dependent status due to death, divorce, legal separation or ceasing to be an eligible Dependent child. Failure to provide this notice may result in loss of eligibility for COBRA Continued Coverage After Termination.

Coverage for a Dependent will automatically terminate immediately upon the earliest of the following dates, except as provided in any Continuation of Coverage Provision:

1. On the last day of the month in which the Dependent ceases to be an eligible Dependent as defined in the Plan;

2. On the last day of the month in which the Participant's coverage terminates under the Plan;

3. On the last day of the month in which the Participant ceases to be eligible for Dependent Coverage;

9. The date the Participant and Adult Dependent terminate their Adult Dependent relationship as evidenced by a signed Notification of Change in or Termination of Adult Dependent Relationship.

DEPENDENT MEDICAL COVERAGE AFTER EMPLOYEE’S DEATH

If an Employee is covered under this Plan when he/she dies, any of his or her Dependents who are covered at that time will continue to be eligible for coverage under the Plan in accordance with the following requirements:

1. Coverage for the surviving Dependent spouse of a covered Employee who is eligible to receive the retirement benefits accrued by the deceased employee will continue until the earliest of the following:

2. Coverage for surviving Dependent children who are eligible to receive retirement benefits accrued by the deceased Employee will continue until the earliest of the following:

   B. The date the Dependent becomes eligible for insurance or other coverage by virtue of the employment of a surviving parent or legal guardian;
C. The last day for which the Dependent and/or Member Group or Sub-Entity has made any required contributions; or

D. The date the Member Group or Sub-Entity ceases to participate in MACoHCT.

The Dependent benefits available after the Employee dies will be those in effect for that Employee’s Dependents on the day prior to his or her death.

**RESCISSION OF COVERAGE**

Coverage for an Employee and/or Dependent may be rescinded if the Plan Administrator determines that the Employee or a Dependent engaged in fraud or intentional misrepresentation in order to obtain coverage and/or benefits under the Plan. In such case, the Participant will receive written notice at least thirty (30) days before the coverage is rescinded.

---

**CONTINUATION COVERAGE AFTER TERMINATION**

Under the Public Health Service Act, as amended, Employees and their enrolled Dependents may have the right to continue coverage beyond the time coverage would ordinarily have ended. The law applies to employers who normally employ twenty (20) or more Employees. Although federal law does not require the Montana Association of Counties Health Care Trust to provide COBRA Continuation Coverage, MACoHCT will provide such equivalent coverage to Adult Dependents and their eligible children under the same terms that apply to a married Employee’s spouse.

The Plan Administrator is Montana Association of Counties Health Care Trust (MACoHCT), 2717D Skyway Drive, Helena, MT 59602; (866) 669-6428. MACoHCT is responsible for administering COBRA Continuation Coverage.

COBRA Continuation Coverage is available to any Qualified Beneficiary whose coverage would otherwise terminate due to any Qualifying Event. COBRA Continuation Coverage under this provision will begin on the first day following the date of the Qualifying Event.

1. Qualifying Events for Participants, for purposes of this section, are the following events, if such event results in a loss of coverage under this Plan:
   A. The termination (other than by reason of gross misconduct) of the Participant’s employment.
   B. The reduction in hours of the Participant’s employment.

2. Qualifying Events for covered Dependents, for purposes of this section are the following events, if such event results in a loss of coverage under this Plan:
   A. Death of the Participant or Retiree.
   B. Termination of the Participant’s employment.
   C. Reduction in hours of the Participant’s employment.
   D. The divorce or legal separation of the Participant or Retiree from his or her spouse.
   E. A covered Dependent child ceases to be a Dependent as defined by the Plan.
   F. The termination of the Participant’s Adult Dependent relationship.

**NOTIFICATION RESPONSIBILITIES**

The Covered Person must notify the Member Group or Sub-Entity of the following Qualifying Events within sixty (60) days after the date the event occurs. However, in the event of the termination of an Adult Dependent relationship, the Participant has the responsibility to file a signed Notification of Change in or Termination of Adult Dependent Relationship with MACoHCT and Member Group or Sub-Entity within sixty (60) days of the noncompliance with any of the qualifying conditions of the partnership. The Member Group or Sub-Entity must notify MACoHCT of any of the following:
1. Death of the Participant or Retiree.
2. The divorce or legal separation of the Participant or Retiree from his or her spouse.
3. The termination of the Participant’s Adult Dependent relationship.
4. A covered Dependent child ceases to be a Dependent as defined by the Plan.

The Member Group or Sub-Entity must notify MACoHCT of the following Qualifying Events within thirty (30) days after the date of the event occurs:

1. Termination (other than by reason of gross misconduct) of the Participant’s employment.
2. Reduction in hours of the Participant’s employment.

Failure by the Member Group or Sub-Entity to provide the notice required by this subsection may result in the Plan denying COBRA eligibility and/or the Member Group or Sub-Entity being liable to the Plan or the former Covered Person for medical claims incurred by the Covered Person after the Qualifying Event.

ELECTION OF COVERAGE

When MACoHCT is notified of a Qualifying Event, MACoHCT will notify the Qualified Beneficiary of the right to elect continuation of coverage. Notice of the right to COBRA Continuation Coverage will be sent by the Plan no later than fourteen (14) days after MACoHCT is notified of the Qualifying Event.

A Qualified Beneficiary has sixty (60) days from the date coverage would otherwise be lost or sixty (60) days from the date of notification from MACoHCT, whichever is later, to notify MACoHCT that he/she elects to continue coverage under the Plan. Failure to elect continuation within that period will cause coverage to end.

MONTHLY PREMIUM PAYMENTS

A Qualified Beneficiary is responsible for the full cost of continuation. Monthly premium for continuation of coverage must be paid in advance to MACoHCT. The premium required under the provisions of COBRA is as follows:

1. For a Qualified Beneficiary: The premium is the same as applicable to any other similarly situated non-COBRA Participant plus an additional administrative expense of up to a maximum of two percent (2%).

2. Social Security Disability: For a Qualified Beneficiary continuing coverage beyond eighteen (18) months due to a documented finding of disability by the Social Security Administration within sixty (60) days after becoming covered under COBRA, the premium may be up to a maximum of one hundred fifty percent (150%) of the premium applicable to any other similarly situated non-COBRA Participant.

3. For a Qualified Beneficiary with a qualifying Social Security Disability who experiences a second Qualifying Event:
   A. If another Qualifying Event occurs during the initial eighteen (18) months of COBRA coverage, such as a death, divorce, legal separation or termination of the Participant’s Adult Dependent relationship, the monthly fee for a qualified disabled person may be up to a maximum of one hundred and two percent (102%) of the applicable premium.
   B. If the second Qualifying Event occurs during the nineteenth (19th) through the twenty-ninth (29th) month (the Disability Extension Period), the premium for a Qualified Beneficiary may be up to a maximum of one hundred fifty percent (150%) of the applicable premium.

Payment of claims while covered under this COBRA Continuation Coverage Provision will be contingent upon the receipt by MACoHCT of the applicable monthly premium for such coverage. The monthly premium for continuation coverage under this provision is due the first of the month for each month of coverage. A grace period of thirty (30) days from the first of the month will be allowed for payment. Payment will be made in a manner prescribed by the Employer.
DISABILITY EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If the Qualified Beneficiary who is covered under the Plan is determined by the Social Security Administration to be disabled at any time before the qualifying event or within sixty (60) days after the qualifying event, and MACoHCT is notified in a timely fashion, the Qualified Beneficiary covered under the Plan can receive up to an additional eleven (11) months of COBRA Continuation Coverage, for a total maximum of twenty-nine (29) months. MACoHCT must be provided with a copy of the Social Security Administration’s disability determination letter within sixty (60) days after the date of the determination and before the end of the original eighteen (18) month period of COBRA Continuation Coverage. This notice should be sent to: Montana Association of Counties Health Care Trust (MACoHCT), 2717D Skyway Drive, Helena, MT 59602.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If another qualifying event occurs while receiving COBRA Continuation Coverage, the spouse and Dependent children of the Employee can get additional months of COBRA Continuation Coverage, up to a maximum of thirty-six (36) months. This extension is available to the spouse and Dependent children if the former Employee dies or becomes divorced or legally separated. The extension is also available to a Dependent child when that child stops being eligible under the Plan as a Dependent child. In all of these cases, MACoHCT must be notified of the second qualifying event within sixty (60) days of the second qualifying event. This notice must be sent to: MACoHCT, 2717D Skyway Drive, Helena, MT 59602. Failure to provide notice within the time required will result in loss of eligibility for COBRA Continuation Coverage.

MEDICARE ENROLLMENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

The Dependents of a former Employee are eligible to elect COBRA Continuation Coverage if they lose coverage as a result of the former Employee’s enrollment in Part A, Part B or Part D of Medicare, whichever occurs earlier.

When the former Employee enrolls in Medicare before the Qualifying Event of termination (or reduction of hours) of employment occurs, the maximum period for COBRA Continuation Coverage for the spouse, Adult Dependent and Dependent children ends on the later of:

1. Eighteen (18) months after the Qualifying Event of termination of employment or reduction in hours of employment; or
2. Thirty-six (36) months after the former Employee’s enrollment in Medicare.

When the former Employee enrolls in Medicare after the Qualifying Event of termination (or reduction of hours) of employment, the maximum period for COBRA Continuation Coverage for the spouse, Adult Dependent and dependent children ends eighteen (18) months after the Qualifying Event, unless a second Qualifying Event, as described above, occurs within that eighteen (18) month period.

WHEN COBRA CONTINUATION COVERAGE ENDS

COBRA Continuation Coverage and any coverage under the Plan that has been elected with respect to any Qualified Beneficiary will cease on the earliest of the following:

1. On the date the Qualified Beneficiary becomes covered under another group health plan or health insurance.
2. On the date, after the date of election for COBRA Continuation Coverage, that the Qualified Beneficiary becomes enrolled in Medicare (either Part A, Part B or Part D).
3. On the first date that timely payment of any premium required under the Plan with respect to COBRA Continuation Coverage for a Qualified Beneficiary is not made to MACoHCT
4. On the date the Employer ceases to provide any group health plan coverage to any Employee.
5. On the date of receipt of written notice that the Qualified Beneficiary wishes to terminate COBRA Continuation Coverage.
6. On the date that the maximum coverage period for COBRA Continuation Coverage ends, as follows:
   A. Eighteen (18) months for a former Employee who is a Qualified Beneficiary as a result of termination (or reduction of hours) of employment;
B. Eighteen (18) months for a Dependent who is a Qualified Beneficiary unless a second Qualifying Event occurs within that eighteen (18) month period entitling that Dependent to an additional eighteen (18) months;

C. For the Dependent who is a Qualified Beneficiary as a result of termination (or reduction of hours) of employment of the former Employee if that former employee enrolled in Medicare before termination (or reduction of hours) of employment, the later of eighteen (18) months from the Qualifying Event, or thirty-six (36) months following the date of enrollment in Medicare;

D. On the first day of the month beginning thirty (30) days after a Qualified Beneficiary is determined to be no longer disabled by the Social Security Administration if the Qualified Beneficiary was found to be disabled on or within the first sixty (60) days of the date of the Qualifying Event and has received at least eighteen (18) months of COBRA Continuation Coverage. COBRA Continuation Coverage will also terminate on such date for all Dependents who are Qualified Beneficiaries as a result of the Qualifying Event unless that Dependent is entitled to a longer period of COBRA Continuation Coverage without regard to disability;

E. Twenty-nine (29) months for any Qualified Beneficiary if a Disability Extension Period of COBRA Continuation Coverage has been granted for such Qualified Beneficiary;

F. Thirty-six (36) months for all other Qualified Beneficiaries.

7. On the same basis that the Plan can terminate for cause the coverage of a similarly situated non-COBRA Participant.

QUESTIONS

Any questions about COBRA Continuation Coverage should be directed to MACoHCT or contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA’s website at www.dol.gov/ebsa.

INFORM THE PLAN OF ADDRESS CHANGES

In order to protect the Employee’s family’s rights, the Employee should keep MACoHCT informed of any changes in the addresses of family members. The Employee should also keep a copy, for his or her records, of any notices sent to MACoHCT.

COVERAGE FOR A MILITARY RESERVIST

To the extent required by the Uniformed Services Employment and Reemployment Rights Act (USERRA), the following provisions will apply:

1. If a Participant is absent from employment with Member Group or Sub-Entity by reason of service in the uniformed services, the Participant may elect to continue coverage under this Plan for himself/herself and his or her eligible Dependents as provided in this subsection. The maximum period of coverage under such an election will be the lesser of:

   A. The twenty-four (24) month period beginning on the date on which the Participant’s absence begins; or

   B. The period beginning on the date on which the Participant’s absence begins and ending on the day after the date on which the Participant fails to apply for or return to a position of employment, as required by USERRA.

2. A Participant who elects to continue Plan coverage under this Section may be required to pay not more than one hundred two percent (102%) of the full premium under the Plan (determined in the same manner as the applicable premium under Section 4980B(f)(4) of the Internal Revenue Code of 1986) associated with such coverage for the Member Group’s or Sub-Entity’s other Employees, except that in the case of a person who performs service in the uniformed services for less than thirty-one (31) days, such person may not be required to pay more than the regular Employee share, if any, for such coverage.
3. In the case of a Participant whose coverage under the Plan is terminated by reason of service in the uniformed services, an exclusion or Waiting Period may not be imposed in connection with the reinstatement of such coverage upon reemployment if an exclusion or Waiting Period would not have been imposed under the Plan had coverage of such person by the Plan not been terminated as a result of such service. This paragraph applies to the Employee who is reemployed and to any Dependent who is covered by the Plan by reason of the reinstatement of the coverage of such Employee. This provision will not apply to the coverage of any Illness or Injury determined by the Secretary of Veterans Affairs to have been caused by, or aggravated during, performance of service in the uniformed services.

4. The requirements of this section shall not supersede any anti-discrimination in coverage requirement promulgated by TriCare or Champus/VA related to eligibility for those coverages.

---

**COVERAGE FOR A MONTANA NATIONAL GUARD MEMBER**

To the extent required by the Montana Military Service Employment Rights Act (MMSERA), the following provisions will apply:

“State Active Duty” means duty performed by a Montana National Guard member when a disaster is declared by the proper State authority and shall include the time period as certified by a licensed Physician to recover from an Illness or Injury incurred while performing the state active duty.

1. In any case in which a Participant has coverage under this Plan, and such Participant is absent from employment with Employer by reason of State Active Duty, the Participant may elect to continue coverage under this Plan for himself or herself and his or her eligible Dependents as provided in this subsection. The maximum period of coverage under such an election shall be the period beginning on the thirty-first consecutive day of State Active Duty and ending on the day immediately before the day the Participant returns to a position of employment with the Employer, provided the Participant returns to employment in a timely manner, or ending on the day immediately after the day the Participant fails to return to a position of employment in a timely manner.

For purposes of this subsection, a timely manner means the following:

A. For State Active Duty of thirty (30) days but not more than one hundred eighty (180) days, the next regularly scheduled day of Active Service following fourteen (14) days after the termination of State Active Duty.

B. For State Active Duty of more than one hundred eighty (180) days, the next regularly scheduled day of Active Service following ninety (90) days after the termination of State Active Duty.

2. An eligible Participant who elects to continue Plan coverage under this Section may be required to pay:

A. Not more than one hundred percent (100%) of the contribution required from a similarly situated active Employee until such Participant becomes eligible for coverage under the State of Montana Health Benefit Plan as an employee of the Department of Military Affairs.

B. Not more than one hundred two percent (102%) of the contribution required from a similarly situated active Employee for any period of time that the Participant is also eligible for coverage under the State of Montana Health Benefit Plan as an employee of the Department of Military Affairs.

3. In the case of a person whose coverage under the Plan is terminated by reason of State Active Duty, a Waiting Period may not be imposed in connection with the reinstatement of such coverage upon reemployment if such an exclusion or Waiting Period would not have been imposed under the Plan had coverage of such person by the Plan not been terminated as a result of such service. This paragraph applies to the Employee who is reemployed in a timely manner as defined by MMSERA and to any Dependent who is covered by the Plan by reason of the reinstatement of the coverage of such Employee.

4. In no event will this Plan cover any Illness or Injury determined by the Montana Department of Military Affairs to have been caused by, or aggravated during, performance of State Active Duty.

5. The requirements of this section shall not supersede any anti-discrimination in coverage requirement promulgated by TriCare or Champus/VA related to eligibility for those coverages.
FRAUD AND ABUSE

THIS PLAN IS SUBJECT TO FEDERAL LAW WHICH PERMITS CRIMINAL PENALTIES FOR FRAUDULENT ACTS COMMITTED AGAINST THE PLAN. STATE LAW MAY ALSO APPLY.

Anyone who knowingly defrauds or tries to defraud the Plan, or obtains Plan funds through false statements or fraudulent schemes, may be subject to criminal prosecution and penalties. The following may be considered fraudulent:

1. Falsifying eligibility criteria for a Dependent;
2. Falsifying or withholding medical history or information required to calculate benefits;
3. Falsifying or altering documents to get coverage or benefits;
4. Permitting a person not otherwise eligible for coverage to use a Plan ID card to get Plan benefits; or
5. Submitting a fraudulent claim or making untruthful statements to the Plan to get reimbursement from the Plan for services that may or may not have been provided to a Covered Person.

MACoHCT, in its sole discretion, may take additional action against the Participant or Covered Person including, but not limited to, terminating the Participant or Covered Person’s coverage under the Plan.

MISSTATEMENT OF AGE

If the Covered Person’s age was misstated on an enrollment form or claim, the Covered Person’s eligibility or amount of benefits, or both, will be adjusted to reflect the Covered Person’s true age. If the Covered Person was not eligible for coverage under the Plan or for the amount of benefits received, the Plan has a right to recover any benefits paid by the Plan. A misstatement of age will not continue coverage that was otherwise properly terminated or terminate coverage that is otherwise validly in force.

MISREPRESENTATION OF ELIGIBILITY

If a Participant misrepresents a Dependent’s marital status, age, dependent child relationship or other eligibility criteria to get coverage for that Dependent, when he or she would not otherwise be eligible, coverage for that Dependent will terminate as though never effective.

MISUSE OF IDENTIFICATION CARD

If a Covered Person permits any person who is not otherwise eligible as a Covered Person to use an ID card, MACoHCT may, in its sole discretion, terminate the Covered Person’s coverage.

REIMBURSEMENT TO PLAN

Payment of benefits by the Plan for any person who was not otherwise eligible for coverage under this Plan but for whom benefits were paid based upon fraud as defined in this section must be reimbursed to the Plan by the Participant. Failure to reimburse the Plan upon request may result in an interruption or a loss of benefits by the Participant and Dependents.

RESCISSION OF COVERAGE

Coverage for an Employee and/or Dependent may be rescinded if the Plan Administrator determines that the Employee or a Dependent engaged in fraud or intentional misrepresentation in order to obtain coverage and/or benefits under the Plan. In such case, the Participant will receive written notice at least thirty (30) days before the coverage is rescinded.

RECOVERY / REIMBURSEMENT / SUBROGATION

By enrollment in this Plan, Covered Persons agree to the provisions of this section as a condition precedent to receiving benefits under this Plan. Failure of a Covered Person to comply with the requirements of this section may result in the Plan pending the payment of benefits.
RIGHT TO RECOVER BENEFITS PAID IN ERROR

If the Plan makes a payment in error to or on behalf of a Covered Person or an assignee of a Covered Person to which that Covered Person is not entitled, or if the Plan pays a claim that is not covered, the Plan has the right to recover the payment from the person paid or anyone else who benefited from the payment. The Plan can deduct the amount paid from the Covered Person’s future benefits, or from the benefits for any covered Family member even if the erroneous payment was not made on that Family member’s behalf.

Payment of benefits by the Plan for Participants’ spouses, ex-spouses or children, who are not eligible for coverage under this Plan, but for whom benefits were paid based upon inaccurate, erroneous, false information or omissions of information provided or omitted by the Employee, will be reimbursed to the Plan by the Employee. The Employee’s failure to reimburse the Plan after demand is made may result in an interruption in or loss of benefits to the Employee, and could be reported to the appropriate governmental authorities for investigation of criminal fraud and abuse.

The Plan may recover such amount by any appropriate method that MACoHCT, in its sole discretion, will determine. By receipt of benefits under this Plan, each Covered Person authorizes the deduction of any excess payment from such benefits or other present or future compensation payments.

The provisions of this subsection apply to any Licensed Health Care Provider who receives an assignment of benefits or payment of benefits under this Plan. If a Licensed Health Care Provider refuses to refund improperly paid claims, the Plan may refuse to recognize future assignments of benefits to that provider.

REIMBURSEMENT

The Plan’s right to Reimbursement is separate from and in addition to the Plan’s right of Subrogation. Reimbursement means to repay a party who has paid something on another’s behalf. If the Plan pays benefits for medical expenses on a Covered Person’s behalf, and another party was actually responsible or liable to pay those medical expenses, the Plan has a right to be reimbursed by the Covered Person for the amounts the Plan paid.

Accordingly, if a Covered Person, or anyone on his or her behalf, settles, is reimbursed or recovers money from any person, corporation, entity, liability coverage, no-fault coverage, uninsured coverage, underinsured coverage or other insurance policies or funds for any accident, Injury, condition or Illness for which benefits were provided by the Plan, the Covered Person agrees to hold the money received in trust for the benefit of the Plan. The Covered Person agrees to reimburse the Plan, in first priority, from any money recovered from a liable third party, for the amount of all money paid by the Plan to the Covered Person or on his or her behalf or that will be paid as a result of said accident, Injury, condition or Illness. Reimbursement to the Plan will be paid first, in its entirety, even if the Covered Person is not paid for all of his or her claim for damages and regardless of whether the settlement, judgment or payment he/she receives is for or specifically designates the recovery, or a portion thereof, as including health care, medical, disability or other expenses or damages.

SUBROGATION

The Plan’s right to Subrogation is separate from and in addition to the Plan’s right to Reimbursement. Subrogation is the right of the Plan to exercise the Covered Person’s rights and remedies in order to recover from third parties who are legally responsible to the Covered Person for a loss paid by the Plan. This means the Plan can proceed through litigation or settlement in the name of the Covered Person, with or without his or her consent, to recover the money paid under the Plan. In other words, if another person or entity is, or may be, liable to pay for medical bills or expenses related to the Covered Person’s accident, Injury, condition or Illness, which the Plan paid, then the Plan is entitled to recover, by legal action or otherwise, the money paid; in effect, the Plan has the right to “stand in the shoes” of the Covered Person for whom benefits were paid, and to take any action the Covered Person could have undertaken to recover the money paid.

The Covered Person agrees to subrogate to the Plan any and all claims, causes of action or rights that he/she has or that may arise against any entity who has or may have caused, contributed to or aggravated the accident, Injury, condition or Illness for which the Plan has paid benefits, and to subrogate any claims, causes of action or rights the Covered Person may have against any other coverage including, but not limited to, liability coverage, no-fault coverage, uninsured motorist coverage, underinsured motorist coverage or other insurance policies, coverage or funds.

In the event that a Covered Person decides not to pursue a claim against any third party or insurer, the Covered Person will notify the Plan, and specifically authorize the Plan, in its sole discretion, to sue for, compromise or settle any such claims in the Covered Person’s name, to cooperate fully with the Plan in the prosecution of the claims and to execute any and all documents necessary to pursue those claims.
The following paragraphs apply to both Reimbursement and Subrogation:

1. Under the terms of this Plan, MACoHCT is not required to pay any claim where there is evidence of liability of a third party unless the Covered Person signs the Plan’s Third-Party Reimbursement Agreement and follows the requirements of this section. However, MACoHCT in its discretion may pay benefits while the liability of a party other than the Covered Person is being legally determined. If a repayment agreement is requested to be signed, the Plan’s right of recovery through Reimbursement and/or Subrogation remains in effect regardless of whether the repayment agreement is actually signed.

2. If the Plan makes a payment which the Covered Person, or any other party on the Covered Person’s behalf, is or may be entitled to recover against any third party responsible for an accident, Injury, condition or Illness, this Plan has a right of recovery, through reimbursement or subrogation or both, to the extent of its payment. The Covered Person receiving payment from this Plan will execute and deliver instruments and papers and do whatever else is necessary to secure and preserve the Plan’s right of recovery.

3. The Covered Person will cooperate fully with MACoHCT, its agents, attorneys and assignees, regarding the recovery of any monies paid by the Plan from any party other than the Covered Person who is liable. This cooperation includes, but is not limited to, providing full and complete disclosure and information to MACoHCT, upon request and in a timely manner, of all material facts regarding the accident, Injury, condition or Illness; all efforts by any person to recover any such monies; providing MACoHCT with any and all documents, papers, reports and the like regarding demands, litigation or settlements involving recovery of monies paid by the Plan; and notifying MACoHCT of the amount and source of any monies received from third parties as compensation or damages for any event from which the Plan may have a reimbursement or subrogation claim.

4. Covered Persons will respond within ten (10) days to all inquiries of the Plan regarding the status of any claim they may have against any third parties or insurers including, but not limited to, liability, no-fault, uninsured and underinsured insurance coverage. The Covered Person will notify the Plan immediately of the name and address of any attorney whom the Covered Person engages to pursue any personal Injury claim on his or her behalf.

5. The Covered Person will not act, fail to act or engage in any conduct directly, indirectly, personally or through third parties, either before or after payment by the Plan, the result of which may prejudice or interfere with the Plan’s rights to recovery hereunder. The Covered Person will not conceal or attempt to conceal the fact that recovery has occurred or will occur.

6. The Plan will not pay or be responsible, without its written consent, for any fees or costs associated with a Covered Person pursuing a claim against any third party or coverage including, but not limited to, attorney fees or costs of litigation. Monies paid by the Plan will be repaid in full, in first priority, except as limited by Sections 2-18-901 and 902, MCA, as amended.

RIGHT OF OFF-SET

The Plan has a right of off-set to satisfy reimbursement claims against Covered Persons for money received by the Covered Person from a third party, including any insurer. If the Covered Person fails or refuses to reimburse the Plan for funds paid for claims, the Plan may deny payment of future claims of the Covered Person, up to the full amount paid by the Plan and subject to reimbursement for such claims. This right of off-set applies to all reimbursement claims owing to the Plan whether or not formal demand is made by the Plan, and notwithstanding any anti-subrogation, “common fund,” “made whole” or similar statutes, regulations, prior court decisions or common law theories.

PLAN ADMINISTRATION

PLAN SUPERVISOR

The Administrator has the sole authority and responsibility to review and make final decisions on all claims to benefits hereunder.

PLAN INTERPRETATION

MACoHCT may contract with an independent administrative firm to process claims, maintain Plan data, and perform other Plan-connected services. Final authority to interpret and apply the provisions of the Plan rests exclusively with MACoHCT. Decisions of MACoHCT made in good faith will be final and binding.

CONTRIBUTIONS TO THE PLAN

The amount of contributions to the Plan are to be made on the following basis:

If the Trust is terminated, the Plan and the Participants will have no obligation to contribute to the Plan after the date of termination.

The Plan will also have the right and opportunity to have an autopsy performed in case of death where it is not forbidden by law.

PAYMENT OF CLAIMS

All Plan benefits are payable to a Participant, Qualified Beneficiary or Alternate Recipient, whichever is applicable. All or a portion of any benefits payable by the Plan may, at the Covered Person’s option and unless the Covered Person requests otherwise in writing not later than the time of filing the claim, be paid directly to the health care provider rendering the service, if proper written assignment is provided to the Plan. No payments will be made to any provider of services unless the Covered Person is liable for such expenses.

The Plan will not recognize assignments of payment of benefits from non-Participating Providers. The Plan, at the discretion of the Plan Administrator, will pay the Procedure Based Maximum Expense (PBME) (Referenced Based Pricing) amount to the Covered Person or to the Covered Person and the provider jointly who incurred the claim (or the Participant, Qualified Beneficiary or Alternate Recipient if the Covered Person is a minor), and will notify the provider that the Plan does not recognize or accept assignments for payment of claims from non-Participating Providers.

If any benefits remain unpaid at the time of the Covered Person’s death or if the Covered Person is a minor or is, in the opinion of the Plan, legally incapable of giving a valid receipt and discharge for any payment, the Plan may, at its option, pay such benefits to the Covered Person’s legal representative or estate. The Plan, in its sole option, may require that an estate, guardianship or conservatorship be established by a court of competent jurisdiction before the payment of any benefit. Any payment made under this subsection will constitute a complete discharge of the Plan’s obligation to the extent of such payment and the Plan will not be required to oversee the application of the money so paid.

LEGAL PROCEEDINGS

No action at law or equity will be brought to recover on the Plan before the expiration of sixty (60) days after proof of loss has been filed in accordance with the requirements of the Plan, nor will such action be brought at all unless brought within three (3) years from the expiration of the time within which proof of loss is required by the Plan.

NO WAIVER OR ESTOPPEL

No term, condition or provision of this Plan will be waived, and there will be no estoppel against the enforcement of any provision of this Plan, except by written instrument of the party charged with such waiver or estoppel. No such written waiver will be deemed a continuing waiver unless specifically stated therein, and each such waiver will operate only as to the specific term or condition waived and will not constitute a waiver of such term or condition for the future or as to any act other than that specifically waived.

VERBAL STATEMENTS

Verbal statements or representations of MACoHCT, its agents and Employees or Covered Persons will not create any right by contract, estoppel, unjust enrichment, waiver or other legal theory regarding any matter related to the Plan, or its administration, except as specifically stated in this subsection. No statement or representation of MACoHCT, its agents and Employees or Covered Persons will be binding upon the Plan or a Covered Person unless made in writing by a person with authority to issue such a statement. This subsection will not be construed in any manner to waive any claim, right or defense of the Plan or a Covered Person based upon fraud or intentional material misrepresentation of fact or law.

Only that provision which is contrary to applicable law will be amended to conform; all other parts of the Plan will remain in full force and effect.

Section titles are for convenience of reference only and are not to be considered in interpreting this Plan.

No failure to enforce any provision of this Plan will affect the right thereafter to enforce such provision, nor will such failure affect its right to enforce any other provision of the Plan.

Whenever payments which should have been made under this Plan in accordance with this provision have been made under any other plan or plans, the Plan will have the right, exercisable alone and in its sole discretion, to pay to any insurance company or other organization or person making such other payments any amounts it determines in order to satisfy the intent of this provision. Amounts so paid will be deemed to be benefits paid under this Plan and to the extent of such payments, the Plan will be fully discharged from liability under this Plan.

The benefits that are payable will be charged against any applicable maximum payment or benefit of this Plan rather than the amount payable in the absence of this provision.

PROTECTION AGAINST CREDITORS

No benefit payment under this Plan will be subject in any way to alienation, sale, transfer, pledge, attachment, garnishment, execution or encumbrance of any kind, and any attempt to accomplish the same will be void, except an assignment of payment to a provider of Covered Services. If MACoHCT finds that such an attempt has been made with respect to any payment due or which will become due to any Participant, MACoHCT, in its sole discretion, may terminate the interest of such Participant or former Participant in such payment. In such case, MACoHCT will apply the amount of such payment to, or for the benefit of, such Participant or covered Dependents or former Participant, as MACoHCT may determine. Any such application will be a complete discharge of all liability of the Plan with respect to such benefit payment.

PLAN IS NOT A CONTRACT

The Plan Document constitutes the primary authority for Plan administration. The establishment, administration and maintenance of this Plan will not be deemed to constitute a contract of employment, give any Participant of each Member Group or Sub-Entity the right to be retained in the service of the Member Group or Sub-Entity or to interfere with the right of the Member Group or Sub-Entity to discharge or otherwise terminate the employment of any Participant.
